The conditions of bank account and deposit services and cash transactions herein contained are applicable to the individual customers of K&H Bank Zrt. According to the definition used by the Bank, individuals may be either FX residents or FX non-residents.

CALCULATION METHOD OF FEES AND COST ELEMENTS OF THE ANNOUNCEMENT:

Items specified in the Announcement can be modified on April 1* every year at the most by the cumulated inflation rate calculated on the basis of the period passed since the last modification of the price of the item. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items.

The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office.

The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign. The modified Announcement is made available in the branches and published on the home page 2 months before the effective date. The Bank considers its Announcement of July 31, 2009 the primary announcement for the current calculation of fees. The fees listed in the announcement were last adjusted by the rate of the consumer price index valid for 2024, as of April 1, 2025

Reason(s) for the present amendment:

In accordance with the provision set out in Section 10.3 of the General Terms and Conditions for Bank Accounts, Deposit Accounts and Term Deposits for Domestic and Foreign Currency Natural Persons, the Bank modifies the individual conditions set out in the announcement as follows

- The Bank discontinues the account package modification fee;
- Clarification of the footnote No. 14 regarding to the Tracking of FCY payments in section Other account management fees and charges;
- Clarification regarding the processing time for orders.

Within its account packages, the Bank opens and keeps K&H Retail HUF Bank Accounts.

The custody fee will be charged on terminated accounts with a positive balance if the authorized signatory fails to give any instructions as to the account balance.

The custody fee will be payable for each calendar month, and will be determined and settled against the balance of the amount held in custody on the last banking day of the given month or the day of the last instruction given by the authorized signatory in respect of the amount held in custody (if several authorized signatories may give instructions in respect of the amount held in custody, the date of the last such instruction given), prior to the last instruction given by the authorized signatory.

If the positive balance of a terminated account is denominated in a foreign currency, the Bank will hold such amount in custody in the same foreign currency as that of the terminated account. In the case of amounts in any currency other than forint (HUF) that are taken into custody, the custody fee will be determined and settled against the balance of the amount held in custody at the due date in the currency of the amount held in custody, converted at the Bank's middle rate.

- With regard to the acceptance and execution of **other orders**:
 - *T day*: current day, the day of reception of the order. Unless otherwise indicated, it has to be a banking day.
 - *Value date: performance date (value date) specified at the time of accepting the forward-dated transfer, standing order and VIBER transfer order; if it is not a banking day, then the first banking day thereafter. For FX transfers the value date is the nostro/vostro value date. In case of forward-dated transfers, the value date must not be farther in the future, than 90 calendar days from the date of submit of the transfer order. In case of forward-dated transfers via K&H e-bank and mobilbank, the value date must not be farther in the future, than 365 calendar days from the date of receipt of the transfer order.*
 - *Day*: must be a banking day

Orders submitted on bank holidays will be processed by the Bank as if they were submitted on the first workday following a bank holiday.

Payment orders may be submitted in branches during the opening hours of the branch and cash payment orders during the opening hours of the cash desk.

The business hours of bank branches and the business hours of the cash counters in the bank branches may differ at the various bank branches of the Bank.

For the business hours of the bank branches and the cash counters (cash desk opening hours), see the relevant announcement displayed at the given bank branch, the announcement regarding branches with alternative cash desk opening hours, which is available on the Bank's website (Announcement for setting alternative cash desk opening hours). If the submission and execution deadlines in accordance with the rules of reception and execution orders in the relevant Announcement are not line with the business hours of the bank branch, the order shall be submitted within the business hours of the bank branch.

In the case of electronically submitted orders that are either exempt from a transfer fee or have a discounted fee, the discounts will apply to the orders executed earlier. As in the case of payment orders signed simultaneously it is not possible to specify the order of processing, to take advantage of the discounted order fees available in the package it is recommended to sign the items you wish to claim the discount on separately from the other transfers.

Providing sufficient funds:

- For **instant HUF payment orders**, sufficient funds must be provided at the time the order is submitted, otherwise the Bank will refuse the order immediately.
- Debit orders will be effected only when sufficient cover is available in the account. Funds may be paid in HUF accounts to provide cover for intra-Bank HUF payment orders and HUF payment orders by way of GIRO overnight settlement until 18:00 on the day of debiting the account, or until 16:30 if the HUF transfer is effected via the GIRO Multiple Intraday Settlements Process and via the VIBER.
- After the deadline for submission, the Bank will only acknowledge receipt of HUF payment orders (specified under Other orders in Section 4.1.1 of this chapter); order processing and the verification of sufficient funds will only start when the next banking day begins (i.e., at 5.45 a.m.).
- The different conditions below will apply to the execution of **one-time HUF transfers/book transfers submitted** by Account Holders **on paper**:
 - One-time HUF transfer/book transfer orders submitted by Account Holders on paper by the submission deadline specified in the Announcement will be processed by the Bank on the banking day following the submission date. The Account Holder must provide sufficient funds for the order on the debit date between 05:45 and 16:30 in the case of interbank orders and 18:00 in the case of intrabank orders.
 - If the Account Holder fails to provide sufficient funds for the order by such deadline, the Bank will reject the order due to insufficient funds. The Bank will ensure that the order amount is credited to the beneficiary's account (in the case of interbank orders, to the account of the beneficiary's bank account provider) on the debit date.

One-time HUF orders submitted on paper after the submission deadline will be executed by the Bank on banking day T+2 at the earliest.

4. Orders

4.1. Handling of orders

In accordance with international banking practice, the Bank reserves the right:

- * to only accept orders that are in compliance with its business policy, and
- * to apply special conditions in the case of certain customers.

The Bank executes foreign currency transfer orders via its foreign account manager banks except for transactions between accounts managed by the Bank. Foreign bank fees and charges for missing or incorrect IBAN or BIC (SWIFT) codes will be subsequently charged to the account of the account holder that places the order, even if transaction fees and charges shall be paid by the beneficiary based on the order. FX transfer orders can not be placed in Romanian leu (RON), Turkish lira (TRY), Russian rubel (RUB) and Chinese yuan (CNY).

4.2 Executing domestic GIRO payment orders

The Bank executes submitted domestic HUF transfer orders in accordance with the General Contractual Terms and Conditions of bank accounts, deposit accounts and fixed deposit products provided for resident and exchange foreigner natural persons, with special regard to chapters No 3.1. and 3.4.

The GIRO domestic payment settlement system allows the following settlement options:

- a) The Bank executes instant HUF transfers in GIRO instant settlement, and agrees that within 5, but not more than 20, seconds upon receipt the credit will reach the payment services provider of the beneficiary client. An instant HUF transfer order means any one-off HUF transfer initiated from a HUF payment account via e-bank or mobilbank with a same-day value date that does not exceed HUF 20 million.
- b) The Bank executes the following outgoing orders via GIRO intraday settlement (in 10 daily settlement cycles):
 - same-day, one-off HUF transfer orders in excess of HUF 20 million from HUF accounts placed via K&H e-bank and K&H mobilbank,
 - forward-dated HUF transfer orders from HUF accounts placed via K&H e-bank and K&H mobilbank
 - urgent or value-dated HUF transfer orders from FX accounts placed via K&H e-bank,
 - same-day or forward-dated physical HUF transfer orders from HUF accounts placed at the bank branch,
 - urgent or value-dated physical HUF transfer orders from FX accounts placed at the bank branch,
 - standing orders.

Domestic HUF transfer orders not requiring conversion, placed electronically or by telephone by the final submission deadline will be executed by the Bank **via GIRO intraday settlement** and the Bank ensures that the beneficiary client's account with its payment service provider is credited **within 4 hours following the reception time**. Physical transfer orders submitted at bank branches and HUF transfer orders requiring conversion will not be executed within 4 hours.

- c) Our Bank executes the following outgoing orders via GIRO overnight settlement:
 - collection, transfer of funds by court order as well as order to transfer funds,
 - debited service charges (direct debit order).

In case of payment service providers that have only indirectly joined the GIRO system, the execution time of crediting payment orders is longer (by one day in case of GIRO overnight settlement and by two hours in case of GIRO intraday settlement).

4.3. Modification, and cancellation of orders

Account Holders may submit instructions to cancel or modify orders linked to a debit date not later than the business day preceding the due date. The submission deadline will be the end of branch business hours but not later than 17:00 for submissions at branches, and 17:00 for submissions via the TeleCenter or the e-bank.

Instant HUF transfer orders cannot be modified or cancelled. In other cases, orders already submitted may only be cancelled by special arrangement, following consideration by the Bank on the date on which the order is processed. The bank will charge a fee for such revocations.

Requests to have an order cancelled may be submitted as follows:

- An instruction to cancel an order may be submitted until the time at which processing begins.
- Transfer orders concerning which the bank has issued a statement certifying their irrevocable performance may not be cancelled on the day of processing. That is particularly valid for HUF transfers initiated toward the Customs and Finance Guard (VP).
- Banning performance of a transfer to a public service provider (direct debit order) in the event of a complaint is possible
 - during the opening hours of the branch on the banking day prior value date
 - via the TeleCenter or e-bank until 16 hours on the banking day prior to value date.

4.4 Revocation order

The Bank executes revocation orders in accordance with the General Contractual Terms and Conditions of bank accounts, deposit accounts and fixed deposit products provided for resident and exchange foreigner natural persons, with special regard to chapters No 3.1.5., 3.1.6. and 3.1.7., and standards of clearing published by the GIRO. Revocation orders can only be placed with regard to transfer orders executed via GIRO intraday settlement, regarding to deadlines which are defined in standards of clearing published by the GIRO maximum 45 days before.

An unlimited number of revocation orders can be submitted for a given transfer order.

4.5. Customer identification in the event of large-scale orders

In the event advance notice is given to the Bank of a planned cash withdrawal over by the bank branches individually announced specific HUF amounts or the FCY equivalents and, similarly, in the case of large-scale cash deposits or transfers, the Bank may require the Customer to present additional identification documents and/or an account statement not older than 3 months or the original account management contract.

4.6. Exchange rates

The Bank will apply the official FX exchange rates quoted by the NBH whenever it is required by the relevant law or any stipulation of the relevant authority. In case the official exchange rate does not have to be applied, the Bank will use the exchange rate generated within its own competence. The Bank quotes three kinds of exchange rate: currency and FX exchange rate I until 8 o'clock and FX exchange rate II after 14:00. The Bank after 2 p.m. quote and apply a new cash conversion rate and foreign exchange rate I. Exchange rates are defined on every business day of the Bank based on the current interbank market rates published on the 'Reuters Matching System'. The Bank reserves the right to apply variable exchange rates at its bank branches and to change the already announced exchange rate during the day whenever the money and capital market condition change.

For Account Holders, if the Bank does not publish an official foreign exchange rate on a banking day, FCY transfers will be completed at the last officially published rate.

The Bank shall exclusively accept and process payment transfer orders in foreign currencies listed by the Bank.

Special exchange rate: For Account Holders the Bank may only apply a special exchange rate in the event of conversions of USD 5,000 or more that are submitted electronically.

4.7. Fees, commissions and charges

The terms and conditions set forth in the Announcement are applicable to general banking operations. The Bank shall debit the Account with such fees, commissions and charges as per the provisions of the Announcement, upon the occurrence of the events serving as the basis of charging, on the next banking day, or on a monthly basis for certain services, or in a retroactive manner in each quarter, as part of the end-of-month closing procedure. The monthly fees (eg. the account management fee) will be debited on the Bank's last business day in the current month with current fee.

If the currency of the fee settlement account differs from that of the announced fee, the conversion fee shall be calculated based on MNB middle rate quoted in the morning of the due date. If no exchange rate has been quoted yet for that day, the previous work day's last MNB middle rate shall be applied.

The Bank will charge to clients all costs incurred (postal charges, courier mailing, telephone, telex, SWIFT, photocopying, etc.), as well as commissions and costs devolved, in particular the costs and commissions charged by internal and foreign banks participating in the execution of HUF and FX transfer orders.

The Bank adjusts the EUR-denominated fees for cross-border EUR and SEPA transfers within the EEA to the fees payable for domestic HUF transfers, applying the K&H mid-rate I as a reference exchange rate. When calculating the fees in the announcement, the bank recalculates the fees for EUR and SEPA transfers within the EEA on a quarterly basis, taking into account the domestic HUF transfer fee applicable on the 15th day of the first month of the calendar quarter, and applying the reference rate valid on the same day. The amended fee shall apply from the 1st day of the subsequent quarter.

4.8. Interest on the overdrawing

In the case of late payment of commissions, fees and other charges payable to the Bank, the Client is obliged to pay default interest for the period of late payment. The default interest rate will be the National Bank's base rate + 6% p.a. in the case of HUF debt, or 6% p.a. in the case of FX debt.

4.9 Data content for USD payment orders

For transfer orders given in USD, as well as all transfers to the United States, regardless of their currency, the Beneficiary's data shall be completed in a comprehensive manner (accurate name, address details: country, city/town, public premises, house number), and additional identification details (such as the number of the personal identification document) are required for natural person beneficiaries. On the payment order, it is advisable to indicate the exact title of the transfer (e.g. merchant account number, description of goods or services) but abbreviations and acronyms should be avoided.

In order to enforce and comply with international financial restrictions being in effect, financial institutions collaborating in the execution of USD, as well as all transfers to the United States, regardless of their currency, transfer orders may request the ordering person to provide additional details or documents with respect to the beneficiary of the transfer order. The Bank will communicate in all cases such a request for additional data to the ordering client and will request the ordering client to make such details and documents available to the Bank. If the foreign financial institution collaborating in the execution of the USD, as well as all transfers to the United States, regardless of their currency, transfer order is unable to execute the transfer order due to effective financial restrictions specified by the United Nations, the European Union or the United States of America or due to the risk of money-laundering or terrorist financing, the Bank shall not be liable for any damage or loss arising therefore.

4.10 Cost bearing of FX payment operations

For payment transactions provided within the EEA (European Economic Area), where both the payer's and the payee's payment service providers are, or the sole payment service provider in the payment transaction is, located therein, only the SHA cost option can be chosen.

For payment transactions provided outside of the EEA any of the SHA, OUR and BEN cost option can be chosen.

The Bank shall be entitled to charge to the customer any fee charged back to our Bank because of giving an incorrect cost bearing code.

SHA cost bearing manner: Commissions charged by the starting bank in the event of FX or international HUF transfers shall be paid by the customer, while the costs of all the other banks shall be borne by the beneficiary of the transfer.

OUR cost bearing manner: In the event of FX or international HUF transfer, the customer shall bear all the costs related to the payment.

BEN cost bearing manner: In the event of FX or international HUF transfer, the beneficiary shall bear all the costs related to the payment, including his/her own costs and the fees charged by the correspondent banks and the beneficiary's bank.

Information on correspondent banking practices outside the EEA

The Bank executes foreign currency transfer orders (except for book transfers) via its foreign bank account providers. When a transfer is in a non-EEA currency, order execution may require the involvement of foreign correspondent banks that are not governed by the payment regulations of the European Union, and thus may charge their own costs to the amount transferred. As a result of the deduction of the correspondent bank's costs, the beneficiary's bank will receive an amount smaller than the original amount transferred. The amount deducted may vary each time and by correspondent bank, so it cannot be calculated in advance and our Bank has no influence over it.

MNB decree on technical tasks related to bankcoins processing, distributing and protect against counterfeiting, and the Act CXXXIX of 2013 on the activities of NBH). The list of branches providing cashier services is published on the official website of the Bank (www.kh.hu). In regard with cash transactions there are further provisions of executing transactions in the Announcement on Anti-money laundering regardless of amount limit.

5.1 General management of cash turnover

- If the client wishes to conduct a cash withdrawal transaction at the Bank's tills in an amount exceeding the limits displayed in the client reception area; she/he may communicate her/his intention either in the branch, in person, or via K&H TeleCenter, 2 banking days prior to the planned withdrawal. If the client wishes to make an instantaneous withdrawal in excess of the limit defined, or prior to the notification deadline, she/he will be charged an instantaneous till withdrawal fee, which will not affect any other fees or charges set out in the Announcement.
- The cash deposit or cash withdrawal of amounts equalling or exceeding HUF 30 million or the FCY equivalent thereof - including exchange of foreign currencies and exchange of denominations - performed by the Client on the same Banking Day within the framework of one or more cash-desk transactions shall be considered to represent a cash deposit or cash withdrawal involving a large amount.

In case of foreign currency transactions, the amount shall be converted for the purpose of this calculation at the foreign currency mid-rate I announced by the Bank on the day when the transaction is reported. The Bank shall not accept cash deposits in excess of HUF 70 million or the FCY equivalent thereof and shall not execute any orders for cash withdrawals or exchange of foreign currencies or exchange of denominations above that large amount.

- A discount fee is charged from the nominal value when depositing FCY coins, and under withdrawal from circulation FCY bank notes. The Bank only accepts FX coins of EUR 1 and 2 denominations and disburse cash only in FX coins of these denominations. Bank does only accept English Pound (GBP) bank notes issued in England, Northern Ireland, Scotland. The Bank shall only guarantee withdrawals in various currencies, irrespectively of the amount involved, if the client communicates her/his intention to withdraw such currency amount at least two banking days prior to serving the client. Branches shall make spontaneous currency cash payments until cash stock last. As the risk related to the service in currency change of FX deposit has been changed recently, KH does not accept any dirty, damaged, defective FCY bank notes or under withdrawal from circulation English Pound (GBP) and Swedish Krona (SEK) denomination FCY banknotes neither case of FCY change, nor FCY deposit.
- If the total FX amount requested by the client with an FX account cannot be disbursed in cash at the Bank's tills (small or fractional amount), the Bank shall disburse the HUF equivalent of the remaining FX amount at the FX medium rate quoted on the current day and effective on the execution date of the transaction.

5.2 Rules of denomination exchange

The Bank exchanges fit Forint banknotes and Forint coins to fit Forint banknotes and Forint coins of another denomination in the framework of denomination exchange, and it exchanges unfit ones which are still regarded as legal tender to fit Forint banknotes and Forint coins of the same denomination in the framework of replacement, if their authenticity and denomination can be clearly ascertained upon receipt on site. In both cases, exchange takes place at face value. The denomination exchange is exclusively provided to Customers keeping a bank account or at the Bank in branches with teller during cash desk opening hours. Branches with automated cash management outsource denomination exchange and note and coin replacement to the Hungarian Postal Service (Magyar Posta). The service is available at the post office nearest to the branch, as indicated in the Announcement available in the branch. When carried out in the branch, denomination exchange carries a fee as indicated in the Announcement, and when carried out by the Postal Service, it carries the Postal Service's relevant fee.

5.3 Denomination exchange and replacement of damaged and difficult to recognise HUF banknotes, or HUF coins damaged or intentionally mutilated (perforated, cut in half or machined)

Another precondition for exchanging a deficient Forint banknote to fit Forint banknote of the same or incomplete Forint coin of the same or another denomination or execute cash deposit to the client's own payment account is that more than half of the note has to be presented. The Bank will exchange denominations of, or replace deficient Forint banknotes consisting of several pieces – whether or not glued together – if it can be ascertained beyond doubt that the specific pieces are part of the same banknote and together they make up more than half of the Forint banknote.

The Bank will refuse to perform the denomination exchange or replacement if the authenticity or the face value of the HUF banknote or coin cannot be ascertained beyond doubt upon receipt, or the Forint coin has been mutilated (cut in half, perforated or machined).

If it cannot be clearly ascertained upon receipt whether or not the Forint banknote complies with the conditions of denomination exchange, the Bank will accept the Forint banknote or Forint coin for subsequent settlement and at the same time take a protocol of this circumstance. Intentionally mutilated Forint coins will not be taken over by the Bank for subsequent settlement.

The Bank in branches with teller, during cash desk opening hours executes free of charge the replacement transactions of difficult to recognise or damaged HUF coins and banknotes (exchange to fit forint banknote of the same denomination or fit forint coin of the same denomination or accept as a cash deposit transaction). The Bank will charge the fee specified in the Announcement for the denomination exchange.

Appendix 1

Branches with automated cash management outsource denomination exchange and note and coin replacement to the Hungarian Postal Service (Magyar Posta). The service is available at the post office nearest to the branch, as indicated in the Announcement available in the branch. Such service carries the Postal Service's relevant fee. The Bank will take over from clients any deficient Forint banknote, the surface of which does not exceed 50% of the surface of the entire banknote free of charge in return for a receipt, then sends these to the National Bank of Hungary (NBH) for their withdrawal from circulation and destruction. The performance of the above activities by the Bank is not subject to the utilisation of other banking products.

5.4 Replacement of banknotes and coins withdrawn from circulation

The Bank will replace Forint banknotes which are no longer deemed legal tenders and are withdrawn from circulation by the National Bank of Hungary (NBH), with fit Hungarian legal tenders of the same denomination, without any limitation or condition, free of charge, within 3 years reckoned from the date of their withdrawal. In the case of Forint coins replacement with fit Forint coins of the same denomination takes place within 1 year reckoned from the date of their withdrawal. The Bank executes the replacement of HUF banknotes and coins withdrawn from circulation within the above-defined deadlines (and also cash deposit to the client's own payment account) in branches with teller during cash desk opening hours. The Bank provides the replacement service of HUF banknotes withdrawn from circulation in cash-in ATMs as a cash deposit transaction, in the branches.

The operating centre of SWIFT also stores details of European financial transactions in a databank based in the United States, duplicated for security reasons. This means that the details of European international financial transactions stored in the operating centre have to comply with the laws of the United States, i.e. US authorities could gain access to personal details stored in the operating centre for the purposes of fighting terrorism. This is also true for the international financial transactions of their banks' European clients. This right of the United States of America provides a different protection for personal data from the protection offered by the European Union. Our clients will nevertheless retain their rights under EU data protection legislation, and can exercise all rights in relation to such legislation. **Announcement on the bank accounts, deposit accounts, term deposits
and cash transactions for private individual customers**

Effective as of 10.12.2025

Appendix 3

If the cash withdrawn in the first or second transaction made in the current month exceeds the HUF 150,000 statutory limit, or the first or second purchase with cashback transaction made in the current month exceeds the HUF 40,000 statutory limit, the cash withdrawal, or the purchase with cashback fee charged for the transaction shall be divided based on the amount withdrawn free of charge and the amount withdrawn for a fee, and the amount payable for the latter shall be charged.-

Example of calculating fees for cash withdrawals exceeding HUF 150 000:

<i>cash withdrawal transaction</i>	<i>amount withdrawn</i>	<i>amount exceeding HUF 150,000</i>	<i>transaction fee</i>	<i>fee charged</i>	<i>saving</i>
1.	HUF 90 000	-	HUF 1 438 Ft + HUF 540	0 Ft	HUF 1 978
2.	HUF 70 000	HUF 10 000	HUF 1 338 Ft + HUF 420	HUF 191 = HUF 1 338 x (HUF 10 000 / HUF 70 000) + HUF 60 = HUF 420 x (HUF 10 000 / HUF 70 000) összesen: HUF 251	HUF 1 507

(the charge used in the example is the fee payable for withdrawing cash using a third-party ATM and is specified as 0,50% + HUF 988 + 0,6%/tétel in the announcement titled 'Debit bankcard announcement for private individual customers' effective as of 5 October, 2024.)

Example of calculating fees for purchase with cashback exceeding HUF 40 000:

<i>purchase with cashback</i>	<i>cashback amount</i>	<i>amount exceeding HUF 40,000</i>	<i>transaction fee</i>	<i>fee charged</i>	<i>saving</i>
1.	HUF 20 000	-	HUF 791	HUF 0	HUF 791
2.	HUF 10 000	-	HUF 725	HUF 0	HUF 725
3.	HUF 15 000	HUF 5 000	HUF 758	HUF 252 = HUF 758 x (HUF 5 000 / HUF 15 000)	HUF 506

(Extent of the fee in the example: fee charged for a cashback: 0.66% + HUF 659, as contained in the Debit Bank Card Announcement for Private Individual Customers, effective from October 5, 2024, special offer: free of charge until December 31, 2024)

4. Account/account package discounts

If the beneficiary Account of the Client eligible for free cash withdrawal is an account/account package for which the Bank provides preferential/free cash withdrawal transactions, the Bank will provide free cash withdrawal for the time such eligibility exists by

- extending the preferential/free cash withdrawal option available for the client's Account up to the statutory discount level, and
- extending the cash withdrawal option limited to K&H ATMs to cash withdrawals from any ATMs located in Hungary, but limiting the number of free ATM cash withdrawals to two as set forth in the relevant legal regulation.

If the first cash withdrawal transaction – with the discount modified as described above – on the Account reaches or exceeds the HUF 150,000 statutory limit, any subsequent cash withdrawal transactions will be subject to the original discounts applicable to the Account.

Concerning ATM cash withdrawal discounts, the above rules are illustrated with the following examples:

- If **no ATM cash withdrawal discount is associated with the Account**, discounts are granted for the statutory 2 ATM cash withdrawal transactions made in Hungary up to a combined amount of HUF 150,000.
- If a **discount for 1 K&H ATM cash withdrawal is associated with the Account**, the discount will be extended to include cash withdrawal from any domestic ATMs*. The second transaction – under the legal regulation – will be free of charge up to the HUF 150,000 limit also including the amount withdrawn in the first transaction.
- If the **Account is associated with a discount for 1 domestic ATM cash withdrawal**, the second transaction will be free of charge up to the HUF 150,000 limit including the amount withdrawn in the first transaction.
- If the **Account is associated with a discount for 2 or more domestic ATM cash withdrawals**, the discounts for the first 2 ATM cash withdrawals from the Account will be extended to include domestic ATM cash withdrawals*, provided that the amount of the first transaction does not exceed the HUF 150,000 limit. If the first transaction reaches the HUF 150,000 limit, the discount for the second and any additional ATM cash withdrawals will only apply – according to the original discount associated with the Account – to cash withdrawals from K&H ATMs.
- The **discount for 2 or more domestic ATM cash withdrawal transactions associated with the Account** will already meet the statutory requirement, so the cash withdrawal transactions will be free of charge according to the package discounts*.

* Taking into account the cash withdrawal limits specified in the 'Debit bankcard announcement for private individual customers'.

5. Handling of K&H Court of Guardians' Bank Account

The first two cash withdrawal at cash desk transactions on K&H Court of Guardians' Bank Account every month are free of charge up to a combined limit of HUF 150,000. The ATM cash withdrawal fee will be charged immediately after the withdrawal and not at the start of the calendar month following the withdrawal.

The fee of the cash withdrawal at cash desk is equivalent to those given for K&H Retail HUF Bank Account.

The Bank provides the free cash withdrawal on K&H Court of Guardians' Bank Account without making the statement according to point c) of Article 36/A § (4) of Act LXXXV of 2009 on Payment services.

Uniform Deposit Rate Index (EBKM)

Pursuant to Government Decree 82/2010. (III.25.), deposit products must be supplied with a "Uniform Deposit Rate Index", referred to with its Hungarian abbreviation as EBKM. The Bank calculates the EBKM index using the following formulas stipulated in the Decree:

If the term remaining until maturity is less than 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{1 + r \times (t_i / 365)}$$

If the term remaining until maturity is at least 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{(1 + r)^{(t_i / 365)}}$$

where

n: number of interest payments,

r: one hundredth of the EBKM index,

t_i: number of days outstanding as calculated from the date of placing the deposit to the ith payment,

(k+bv)_i: the sum of the interest paid at the ith payment plus the deposit amount.

Product restrictions related to indirect client due diligence

If the client due diligence process preceding the conclusion of a bank account package agreement is carried out indirectly as defined under subsection 2.1.24 of the General Terms and Conditions of Business of the Bank, and the Account Holder's identification data are not retrieved electronically (NFC) and verified during the process, **the following restrictions will apply in the course of the client relationship:**

The Account Holder:

- may only hold a K&H bank account linked to a 'K&H Smart Comfort Plus Account Package – Online' account package or an account package created by modifying that; and
- may not act as proxy with respect to any third-party bank accounts managed by K&H Bank,
- will not be authorised to carry out the following transactions:
 - any transactions (also including transfers, collections and card purchases) debiting their account with an amount **equal to or exceeding 10 million HUF per transaction**
 - cash withdrawals in excess of **300,000 HUF per month** (the aggregate amount of cash withdrawals made with bank cards, via ATMs, in post offices or branches)
 - cash deposits, including cash deposits initiated by third parties
 - foreign exchange transfers, international forint transfers to domestic or foreign accounts
 - crediting foreign exchange transfers.

All restrictions listed above will remain in effect until full client due diligence can be carried out either in the presence of the client, or using a direct process (Identified Video Call), or in an indirect manner ensuring electronic retrieval and verification of the data (NFC).

Restriction linked to the 'K&H Smart Comfort Plus Account Package – Online' account package and the 'K&H youngster account package (for minors aged 14-18)' account package

If the Client signs an agreement for a 'K&H Smart Comfort Plus Account Package - Online' account package, the aggregate amount of the cash transactions (credit and debit transactions combined) carried out through their account linked to the account package, or an account package created by modifying it, may not exceed 100 million HUF a year. If an Account Holder wishes to perform cash transactions in excess of that limit, they must announce it in person at one of our branches in advance. Failure to make that preliminary announcement may lead to terminating their bank account agreement.

The above restrictions of the right of disposal are based on Paragraphs 16 and 22 of the National Bank of Hungary (MNB) *Decree No. 26/2020 (VIII. 25.) on the detailed rules concerning the implementation of the Act on the Prevention and Combating of Money Laundering and Terrorist Financing, as applicable to service providers supervised by the MNB, and concerning the minimum requirements for the development and operation of the screening system under the Act on the Implementation of Restrictive Measures Imposed by the European Union and the UN Security Council Relating to Liquid Assets and Other Financial Interests*. Account Holders can inquire about the type of the client due diligence process through which they became a client of K&H Bank by calling K&H TeleCenter or by visiting any K&H Bank branch.

Redress procedure for qvik payment solutions

In order to settle any payment-related complaints (e.g. amount charge twice or incorrect amount reported by the Payer, etc.) related to the execution of Instant Payment Orders (hereinafter referred to as qvik payments) initiated using the Unified Data Entry Solution and Payment Request, the natural person Account Holder may launch a redress procedure if their claim related to the purchased product or service has been rejected by the merchant or service provider in writing.

Submitting a claim for redress

Retail clients can submit a claim for redress online at kh.hu/ugyfel-returns, using the menu item "claim related to qvik payment".

In the menu item, the Account Holder must indicate the disputed amount and the presumed correct value of the instant payment, describe the reason for their claim and declare that it has been **rejected by the merchant or service provider in writing**. Upon the Account Holder's request as set out above, the Bank shall promptly send the form required for the redress procedure for qvik payments to the Account Holder's e-mail address. The redress procedure shall commence upon receipt by the Bank of the Declaration used for redress procedures for qvik payments, duly completed and signed by the client.

The deadline for submitting a claim for redress is indicated below:

Reason for claim	Deadline for submission
Duplicate payment	180 days
Incorrect amount charged	180 days
Goods paid for but not received	180 days
Late performance	180 days
Faulty performance	180 days
Cancellation of purchase	60 days
Other	60 days

The time limit for initiating a redress procedure shall be calculated from the date of execution of the disputed qvik payment or, if the goods or services are delivered thereafter, from the expected date of delivery of the goods or services or the deadline for delivery thereof.

On the basis of the Account Holder's claim for redress, the Bank shall launch a redress procedure with the other party to the payment order through GIRO Zrt., without guaranteeing that the outcome of the redress procedure will be favourable for the Account Holder. The Bank has 30 days to carry out the procedure. The Bank shall notify the client of the outcome of the procedure by e-mail to the e-mail address provided in the claim for redress.

Claim assessment

If the procedure is successful, the amount in question will be refunded by means of an instant payment within 5 working days of the closure of the procedure to the Account Holder's payment account from which the disputed qvik payment was initiated. If the beneficiary of the disputed payment order does not agree with the claim, the claim will be rejected and the amount of the disputed qvik payment will not be refunded.

Rectifying defects

The redress procedure also allows for defects to be rectified, which must be done within 10 working days. The Bank will request the Account Holder to rectify defects in their claim in a message sent to the e-mail address provided in the Declaration used for redress procedures. The procedure will be completed within 30 days of the date when the deficiencies are rectified. If deficiencies in the claim are not rectified within the deadline, the redress procedure will be closed.

Objecting to the outcome

The Account Holder has the right to object to the outcome of the redress procedure within 14 calendar days. In such a case, the Final Decision Panel administered by Giro Zrt will decide on the claim within 30 calendar days. If the Panel requests additional information in order to reach a decision, the above deadline is extended by 10 days.

The Bank will only perform the tasks set out in GIRO Zrt's Terms and Conditions of Business for the Interbank Clearing System, and it and shall not be liable for non-performance by any other parties involved in the redress procedure.

In the event of a redress procedure, the payment transaction objected to may not be revoked.
