The conditions of bank account and deposit services and cash transactions herein contained are applicable to the individual customers of K&H Bank Zrt. According to the definition used by the Bank, individuals may be either FX residents or FX non-residents.

Should any contract concluded between the Bank and the Client ("Client Agreement") contain conditions differing from the conditions contained in this List the stipulations of the "Client Agreement" shall be applicable (the "Client Agreement" shall not change the VAT classes of the individual services). The basic principles and rules according to which the Bank performs business activity are contained by the General Terms and Conditions and the relevant General Contractual Terms and Conditions (which are available for the clients of the Bank free of charge).

The initial date of the validity of some products may differ from the validity date indicated above. In such cases the initial date of validity will be specified in each case among the special rules applicable to the given product.

CALCULATION METHOD OF FEES AND COST ELEMENTS OF THE ANNOUNCEMENT:

Items specified in the Announcement can be modified on April 1* every year at the most by the cumulated inflation rate calculated on the basis of the period passed since the last modification of the price of the item. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items.

The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office.

The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign. The modified Announcement is made available in the branches and published on the home page 2 months before the effective date. The Bank considers its Announcement of July 31, 2009 the primary announcement for the current calculation of fees.

In accordance with Section 10.3. of the General Contracting Terms and Conditions for Bank Account, Deposit Account and Term Deposit Products for resident and non-resident natural persons, this amendment is made for the following reasons:

- **The Bank clarifies the calculation method for fees and charges quoted in EUR on cross-border EUR and SEPA payments within the EEA.**
- **The Bank clarifies the types of fees and charges for foreign-currency and SEPA payments.**

1.2.2. Group Wage Account Agreement
1.2.2.1. Conditions of group wage account agreement from 17 August 2015 until 23 April 2017

Clients may choose the K&H Retail Bank Account preferential account management package if their employer has a valid contract on 'Group wage account services' with the Bank. Within the above mentioned contract, the bank offers the K&H minimum plus account package, the K&H extended plus account package, as well as the K&H 4000+ account package. Each Employee¹ may have only one preferential employee account package. In case of termination of legal relationship of the Client (e.g. labour relation) which is the basis of the possibility of the preferential account management package, on the day when the bank is informed about it or in case of termination of the "Group wage account services" with his employer, the Bank terminates the preferences mentioned below.

The following may enter into such contracts: Employers, including all employers that qualify as associated businesses under the Act on Corporate Tax and Dividend Tax; as well as all organizations where the key word in the company's name is identical to the key word in the name of one of the aforementioned associated businesses (hereinafter referred to as: 'company group/brand group'). Furthermore, all those enterprises will qualify as a company group/brand group where the key word in the company's name is identical to the key word of any of the aforementioned associated businesses, or which have an exclusive principal-agent (seller-buyer) relationship with any or all of the aforementioned associated businesses, i.e. if they perform no activities for, provide no services to, or sell no products to any natural persons or legal entities, or any unincorporated business association besides the company group.

The Bank manages K&H Retail Bank Accounts opened under the Group wage account agreement with the employer free of charge² period for 12 months from the date of signing the employee's bank account agreement, as long as the minimum number of account-holding employee clients required realised until the end of the second month calculated from the date of signing Group wage account agreement (trial period), and the wage transfers specified in the Group wage account agreement are transferred continuous/regularly into the client accounts managed by it.

In case the minimum number of account-holding employee clients required not realised during trial period, and the wage transfers specified in the Group wage account agreement are not transferred continuous/regularly into the client accounts managed under the Group wage account agreement, then the preferential conditions related to the account package and further free of charge account management will not be provided to the employees by the Bank, thus the currently effective conditions of the K&H minimum plus account package, or the K&H extended plus account package specified in point 1.1.1.2 of this Announcement will be applied. Minimum number of employee clients for eligibility to free of charge account management, as defined for the above period: five employees.

In addition to the allowance of the account management fee the Bank provides 25% discount of the rental fee of the Safety Deposit Service specified in Section 2.1 of the current Announcement for a period of one year after the trial period is over. Bank will provide such further services (as set out in the Announcements pertaining to the service/product in question) on the basis of the actual number of employee accounts related to the account package covered by the Group Wage Account Agreement when the trial period is over and the specified headcount category determined is to be fulfilled at that time.

¹ The Bank considers as employees natural persons employed or contracted for specific functions by the employer.

² The above discounts and preferential terms cannot be combined with any other discount or special offer.

1.2.2.2. Conditions of group wage account agreement from 2 April 2015 until 16 August 2015

Clients may choose the K&H Retail Bank Account preferential account management package if their employer has a valid contract on 'Group wage account services' with the Bank. Within the above mentioned contract the bank offers the K&H minimum account plus package, the K&H extended plus account package, as well as the K&H 4000+ account package. Each Employee¹ may have only one preferential employee account package. In case of termination of legal relationship of the Client (e.g. labor relation) which is the basis of the possibility of the preferential account management package, on the day when the bank is informed about it or in case of termination of the "Group wage account services" with his employer, the Bank terminates the preferences mentioned below.

The following may enter into such contracts: Employers, including all employers that qualify as associated businesses under the Act on Corporate Tax and Dividend Tax; as well as all organizations where the key word in the company's name is identical to the key word in the name of one of the aforementioned associated businesses (hereinafter referred to as: 'company group/brand group'). Furthermore, all those enterprises will qualify as a company group/brand group where the key word in the company's name is identical to the key word of any of the aforementioned associated businesses, or which have an exclusive principal-agent (seller-buyer) relationship with any or all of the aforementioned associated businesses, i.e. if they perform no activities for, provide no services to, or sell no products to any natural persons or legal entities, or any unincorporated business association besides the company group.

The Bank manages K&H Retail Bank Accounts opened under the Acquisition group wage account agreement with the employer free of charge², up until the end of the second month calculated from the date of signing such agreement (trial period). After that trial period, the preferential conditions related to the account package and further free of charge account management will be provided to the employees by the Bank subject to the number of client accounts kept for the employees, providing that the wage transfers specified in the Group wage account agreement are transferred continuous/regularly into the client accounts managed by it. **Minimum number of employee clients for eligibility to free of charge account management: 5 employees.**

When the trial period is over and the number of account-holding employee clients has been established, the Bank shall provide for K&H Retail Bank Accounts opened pursuant to the agreement an additional account management fee free period² for further 9 months, as long as the minimum number of account-holding employee clients required realised, and salary transfers are continually/regularly credited in compliance with the stipulations of the group salary agreement. In addition to the allowance of the account management fee the Bank provides 25% discount of the rental fee of the Safety Deposit Service specified in Section 2.1 of the current Announcement for a period of one year after the trial period is over.

If the number of employee accounts remains below the prescribed level, then the currently effective conditions of the K&H minimum plus account package, or the K&H extended plus account package specified in this Announcement will be applied. Bank will provide such services at the conditions specified for the headcount category determined when the trial period is over on the basis of the actual number of employee accounts (as set out in the Announcements pertaining to the service/product in question).

¹ The Bank considers as employee natural persons employed or contracted for specific functions by the employer.

² The above discounts and preferential terms can not be combined with any other discount or special offer.

1.2.2.3. K&H minimum plus account package, and K&H extended plus account package available within the Acquisition group wage account agreement

1.2.2.4. Conditions of group wage account agreement until 1 April 2015

Clients may choose the K&H Retail Bank Account preferential account management package if their employer has a valid contract on 'Group wage account services' with the Bank. Within the above mentioned contract the bank offers the K&H minimum account package, the K&H extended account package, as well as the K&H 4000+ account package. Each Employee¹ may have only one preferential employee account package. In case of termination of legal relationship of the Client (e.g. labor relation) which is the basis of the possibility of the preferential account management package, on the day when the bank is informed about it or in case of termination of the "Group wage account services" with his employer, the Bank terminates the preferences mentioned below.

Furthermore, all those enterprises will qualify as a company group/brand group where the key word in the company's name is identical to the key word of any of the aforementioned associated businesses, or which have an exclusive principal-agent (seller-buyer) relationship with any or all of the aforementioned associated businesses, i.e. if they perform no activities for, provide no services to, or sell no products to any natural persons or legal entities, or any unincorporated business association besides the company group.

Effective as of 01.07.2020

The Bank manages K&H Retail Bank Accounts opened under the Acquisition group wage account agreement with the employer free of charge², up until the end of the second month calculated from the date of signing such agreement (trial period). After that trial period, the preferential conditions related to the account package and further free of charge account management will be provided to the employees by the Bank subject to the number of client accounts kept for the employees, providing that the wage transfers specified in the Group wage account agreement are transferred continuous/regularly into the client accounts managed by it. **Minimum number of employee clients for eligibility to free of charge account management: 5 employees.**

When the trial period is over and the number of account-holding employee clients has been established, the Bank shall provide for K&H Retail Bank Accounts opened pursuant to the agreement an additional account management fee free period² for further 9 months, as long as the minimum number of account-holding employee clients required realised, and salary transfers are continually/regularly credited in compliance with the stipulations of the group salary agreement. In addition to the allowance of the account management fee the Bank provides 25% discount of the rental fee of the Safety Deposit Service specified in Section 2.1 of the current Announcement for a period of one year after the trial period is over.

If the number of employee accounts remains below the prescribed level, then the currently effective conditions of the K&H minimum account package, or the K&H extended account package specified in this Announcement will be applied. Bank will provide such services at the conditions specified for the headcount category determined when the trial period is over on the basis of the actual number of employee accounts (as set out in the Announcements pertaining to the service/product in question).

Description	Rates/charges
Fee of responsible custody / custody pursuant to the rules of negotiorum gestio	254 HUF / terminated account with a positive balance / month
Any fees – other than custody fees – incurred in respect of an amount held in responsible custody (including any fees payable for the transfer or withdrawal of the amount held in custody pursuant to the instructions of the authorized signatory) as well as the amounts and due dates of such fees will be identical with the fees and commissions charged in the case of a K&H Retail Bank Account and the conditions thereof.	

The custody fee will be charged on terminated accounts with a positive balance if the authorized signatory fails to give any instructions as to the account balance.

The custody fee will be payable for each calendar month, and will be determined and settled against the balance of the amount held in custody on the last banking day of the given month or the day of the last instruction given by the authorized signatory in respect of the amount held in custody (if several authorized signatories may give instructions in respect of the amount held in custody, the date of the last such instruction given), prior to the last instruction given by the authorized signatory.

If the amount held in custody is less than the amount of the custody fee determined on the basis of previous instructions, the Bank will only enforce its claim for a custody fee up to the amount held in custody. If the amount held in custody affected by the last instruction given by the authorized signatory is less than the custody fee determined on the basis of previous instructions, the Bank will not execute the last instruction given by the authorized signatory, but enforce its claim for a custody fee against the amount held in custody.

The Bank will always charge the custody fee on the positive balance of terminated accounts, separately on each positive balance.

If the positive balance of a terminated account is denominated in a foreign currency, the Bank will hold such amount in custody in the same foreign currency as that of the terminated account. In the case of amounts in any currency other than forint (HUF) that are taken into custody, the custody fee will be determined and settled against the balance of the amount held in custody at the due date in the currency of the amount held in custody, converted at the Bank's middle rate.

- c) Our Bank executes the following outgoing orders via GIRO overnight settlement:
 - collection, transfer of funds by court order as well as order to transfer funds,

The bank will charge a fee for such revocations.

Requests to have an order cancelled may be submitted as follows:

4.6. Exchange rates

The Bank will apply the official FX exchange rates quoted by the NBH whenever it is required by the relevant law or any stipulation of the relevant authority. In case the official exchange rate does not have to be applied, the Bank will use the exchange rate generated within its own competence. The Bank quotes three kinds of exchange rate: currency and FX exchange rate I until 8 o'clock and FX exchange rate II after 14:00. The Bank after 2 p.m. quote and apply a new cash conversion rate and foreign exchange rate I. Exchange rates are defined on every business day of the Bank based on the current interbank market rates published on the 'Reuters Matching System'. The Bank reserves the right to apply variable exchange rates at its bank branches and to change the already announced exchange rate during the day whenever the money and capital market condition change.

The Bank shall exclusively accept and process payment transfer orders in foreign currencies listed by the Bank.

Special exchange rate: In the event of conversions of min. EUR 50,000, the Bank may apply a special exchange rate.

4.7. Fees, commissions and charges

The terms and conditions set forth in the Announcement are applicable to general banking operations. The Bank shall debit the Account with such fees, commissions and charges as per the provisions of the Announcement, upon the occurrence of the events serving as the basis of charging, on the next banking day, or on a monthly basis for certain services, or in a retroactive manner in each quarter, as part of the end-of-month closing procedure. The monthly fees (eg. the account management fee) will be debited on the Bank's last business day in the current month with current fee.

If the currency of the fee settlement account differs from that of the announced fee, the conversion fee shall be calculated based on K&H's mid-rate quoted in the morning of the due date. If no exchange rate has been quoted yet for that day, the previous work day's last K&H mid-rate shall be applied.

The Bank will charge to clients all costs incurred (postal charges, courier mailing, telephone, telex, SWIFT, photocopying, etc.), as well as commissions and costs devolved, in particular the costs and commissions charged by internal and foreign banks participating in the execution of HUF and FX transfer orders.

The Bank adjusts the EUR-denominated fees for cross-border EUR and SEPA transfers within the EEA to the fees payable for domestic HUF transfers, applying the K&H mid-rate I as a reference exchange rate. When calculating the fees in the announcement, the bank recalculates the fees for EUR and SEPA transfers within the EEA on a quarterly basis, taking into account the domestic HUF transfer fee applicable on the 15th day of the first month of the calendar quarter, and applying the reference rate valid on the same day. The amended fee shall apply from the 1st day of the subsequent quarter.

4.8. Interest on the overdrawing

In the case of late payment of commissions, fees and other charges payable to the Bank, the Client is obliged to pay default interest for the period of late payment. The default interest rate will be the National Bank's base rate + 7% p.a. in the case of HUF debt, or the O/N LIBOR effective for the given currency on that day (or the applicable inter-bank interest rate) + 7% p.a. in the case of FX debt.

4.9 Data content for USD payment orders

For transfer orders given in USD, as well as all transfers to the United States, regardless of their currency, the Beneficiary's data shall be completed in a comprehensive manner (accurate name, address details: country, city/town, public premises, house number), and additional identification details (such as the number of the personal identification document) are required for natural person beneficiaries. On the payment order, it is advisable to indicate the exact title of the transfer (e.g. merchant account number, description of goods or services) but abbreviations and acronyms should be avoided.

In order to enforce and comply with international financial restrictions being in effect, financial institutions collaborating in the execution of USD, as well as all transfers to the United States, regardless of their currency, transfer orders may request the ordering person to provide additional details or documents with respect to the beneficiary of the transfer order. The Bank will communicate in all cases such a request for additional data to the ordering client, and will request the ordering client to make such details and documents available to the Bank. If the foreign financial institution collaborating in the execution of the USD, as well as all transfers to the United States, regardless of their currency, transfer order is unable to execute the transfer order due to effective financial restrictions specified by the United Nations, the European Union or the United States of America or due to the risk of money-laundering or terrorist financing, the Bank shall not be liable for any damage or loss arising therefore.

4.10 Cost bearing of FX payment operations

For payment transactions provided within the EEA (European Economic Area), where both the payer's and the payee's payment service providers are, or the sole payment service provider in the payment transaction is, located therein, only the SHA cost option can be chosen.

For payment transactions provided outside of the EEA any of the SHA, OUR and BEN cost option can be chosen.

The Bank shall be entitled to charge to the customer any fee charged back to our Bank because of giving an incorrect cost bearing code.

SHA cost bearing manner: Commissions charged by the starting bank in the event of FX or international HUF transfers shall be paid by the customer, while the costs of all the other banks shall be borne by the beneficiary of the transfer.

OUR cost bearing manner: In the event of FX or international HUF transfer, the customer shall bear all the costs related to the payment.

BEN cost bearing manner: In the event of FX or international HUF transfer, the beneficiary shall bear all the costs related to the payment, including his/her own costs and the fees charged by the correspondent banks and the beneficiary's bank.

Information on correspondent banking practices outside the EEA

The Bank executes foreign currency transfer orders (except for book transfers) via its foreign bank account providers. When a transfer is in a non-EEA currency, order execution may require the involvement of foreign correspondent banks that are not governed by the payment regulations of the European Union, and thus may charge their own costs to the amount transferred. As a result of the deduction of the correspondent bank's costs, the beneficiary's bank will receive an amount smaller than the original amount transferred. The amount deducted may vary each time and by correspondent bank, so it cannot be calculated in advance and our Bank has no influence over it.

- the currency of the transfer is EUR and not more than 999.999 EUR;
- the cost-bearing code is SHA;

- the beneficiary is within the SEPA region and the beneficiary bank is capable of processing SEPA transfers;
- there are no special conditions specified regarding the transmitting of the transfer (e.g. transfer route, correspondent bank relationship specified, the type of the orders urgent transfer).

5. Cash management

The cash transactions shall be performed by the Bank in its entire branch network during cashier hours in compliance with the relevant effective laws and regulations (the. 19/2019 (05.13.) MNB decree on technical tasks related to banknotes processing, distributing and protect against counterfeiting; and 20/2019 (05.13.) MNB decree on technical tasks related to bankcoins processing, distributing and protect against counterfeiting, and the Act CXXXIX of 2013 on the activities of NBH). **In regard with cash transactions there are further provisions of executing transactions in the Announcement on Anti-money laundering regardless of amount limit.**

5.1 General management of cash turnover

- If the client wishes to conduct a cash withdrawal transaction at the Bank's tills in an amount exceeding the limits displayed in the client reception area; she/he may communicate her/his intention either in the branch, in person, or via K&H TeleCenter, 2 banking days prior to the planned withdrawal. If the client wishes to make an instantaneous withdrawal in excess of the limit defined, or prior to the notification deadline, she/he will be charged an instantaneous till withdrawal fee, which will not affect any other fees or charges set out in the Announcement.
- The cash deposit or cash withdrawal of amounts equalling or exceeding HUF 30 million or the FCY equivalent thereof - including exchange of foreign currencies and exchange of denominations - performed by the Client on the same Banking Day within the framework of one or more cash-desk transactions shall be considered to represent a cash deposit or cash withdrawal involving a large amount.

In case of foreign currency transactions, the amount shall be converted for the purpose of this calculation at the foreign currency mid-rate I announced by the Bank on the day when the transaction is reported. The Bank shall not accept cash deposits in excess of HUF 70 million or the FCY equivalent thereof, and shall not execute any orders for cash withdrawals or exchange of foreign currencies or exchange of denominations above that large amount.

- A discount fee is charged from the nominal value when depositing FCY coins, and under withdrawal from circulation FCY bank notes. The Bank only accepts FX coins of EUR 1 and 2 denominations and disburse cash only in FX coins of these denominations. Bank does only accept English Pound (GBP) bank notes issued in England, Northern Ireland, Scotland. The Bank shall only guarantee withdrawals in various currencies, irrespectively of the amount involved, if the client communicates her/his intention to withdraw such currency amount at least two banking days prior to serving the client. Branches shall make spontaneous currency cash payments until cash stock last. As the risk related to the service in currency change of FX deposit has been changed recently, KH does not accept any dirty, damaged, defective FCY bank notes or under withdrawal from circulation English Pound (GBP) and Swedish Krona (SEK) denomination FCY banknotes neither case of FCY change, nor FCY deposit.
- If the total FX amount requested by the client with an FX account cannot be disbursed in cash at the Bank's tills (small or fractional amount), the Bank shall disburse the HUF equivalent of the remaining FX amount at the FX medium rate quoted on the current day and effective on the execution date of the transaction.

5.2 Rules of denomination exchange

The Bank exchanges fit Forint banknotes and Forint coins to fit Forint banknotes and Forint coins of another denomination in the framework of denomination exchange, and it exchanges unfit ones which are still regarded as legal tender to fit Forint banknotes and Forint coins of the same denomination in the framework of replacement, if their authenticity and denomination can be clearly ascertained upon receipt on site. In both cases, exchange takes place at face value. The Bank charges the fee specified in the current Announcement for the denomination exchange. The denomination exchange is exclusively provided to Customers keeping a bank account or having any other banking product or service at the Bank in branches with teller during cash desk opening hours.

5.3 Denomination exchange and replacement of damaged and difficult to recognise HUF banknotes, or HUF coins damaged or intentionally mutilated (perforated, cut in half or machined)

Another precondition for exchanging a deficient Forint banknote to fit Forint banknote of the same or incomplete Forint coin of the same or another denomination is that more than half of the note has to be presented. The Bank will exchange denominations of, or replace deficient Forint banknotes consisting of several pieces – whether or not glued together – if it can be ascertained beyond doubt that the specific pieces are part of the same banknote and together they make up more than half of the Forint banknote.

The Bank will refuse to perform the denomination exchange or replacement if the authenticity or the face value of the HUF banknote or coin cannot be ascertained beyond doubt upon receipt, or the Forint coin has been mutilated (cut in half, perforated or machined).

If it cannot be clearly ascertained upon receipt whether or not the Forint banknote complies with the conditions of denomination exchange, the Bank will accept the Forint banknote or Forint coin for subsequent settlement and at the same time take a protocol of this circumstance. Intentionally mutilated Forint coins will not be taken over by the Bank for subsequent settlement.

The Bank executes free of charge the replacement transactions of difficult to recognise or damaged HUF coins and banknotes in branches with teller, during cash desk opening hours. The Bank will charge the fee specified in the Announcement for the denomination exchange.

The Bank will take over from clients any deficient Forint banknote, the surface of which does not exceed 50% of the surface of the entire banknote free of charge in return for a receipt, then sends these to the National Bank of Hungary (NBH) for their withdrawal from circulation and destruction. The performance of the above activities by the Bank is not subject to the utilisation of other banking products.

5.4 Replacement of banknotes and coins withdrawn from circulation

The Bank will replace Forint banknotes which are no longer deemed legal tenders and are withdrawn from circulation by the National Bank of Hungary (NBH), with fit Hungarian legal tenders of the same denomination, without any limitation or condition, free of charge, within 3 years reckoned from the date of their withdrawal. In the case of Forint coins replacement with fit Forint coins of the same denomination takes place within 1 year reckoned from the date of their withdrawal. The Bank executes the replacement of HUF banknotes and coins withdrawn from circulation within the above-defined deadlines in branches with teller during cash desk opening hours. The Bank provides the replacement service of HUF banknotes withdrawn from circulation in cash-in ATMs as a cash deposit transaction, in the branches.

5.5 Withdrawal of suspected counterfeit banknotes from circulation

The Bank will accept and withdraw suspected counterfeit banknotes and coins (Forint and currency) from circulation in return for a receipt without charging any fee and send those for further expert examination to the NBH.

13. Information about SWIFT's data handling practices

Pursuant to Article 6(2) of Act LXIII of 1992 on the Protection of Personal Data and the Disclosure of Data of Public Interest, we would like to inform our clients that our Bank, similarly to all other European banks, performs all international financial transactions via the SWIFTNet FIN facility of SWIFT, headquartered in Belgium. The operating centre of SWIFT also stores details of European financial transactions in a databank based in the United States, duplicated for security reasons. This means that the details of European international financial transactions stored in the operating centre have to comply with the laws of the United States, i.e. US authorities could gain access to personal details stored in the operating centre for the purposes of fighting terrorism. This is also true for the international financial transactions of their banks' European clients. This right of the United States of America provides a different protection for personal data from the protection offered by the European Union. Our clients will nevertheless retain their rights under EU data protection legislation, and can exercise all rights in relation to such legislation. SWIFT also does everything in its powers to ensure that their services increasingly comply with the EU's data protection criteria. For further information, please visit www.bankszovetseg.hu.

Information on the free cash withdrawal

Pursuant to Article 36/A of Act LXXXV of 2009 on Payment services (hereinafter: 'Pft.') and Decree No. 53/2013. (XI.29.) of the Minister for National Economy on the detailed rules of free cash withdrawals and the statement identifying the payment account to be used for the purposes of such cash withdrawals, the Bank provides the first two cash withdrawal transactions every month free of charge up to a combined limit of HUF 150,000, as follows:

1. Statutory discount

Related to the payment account identified in the relevant statement as the beneficiary account (hereinafter referred to as 'the Account'), the Bank will provide the first two HUF cash withdrawal transactions free of charge up to a combined amount of HUF 150,000 in any calendar month for

- HUF cash withdrawals made with a cashless payment instrument using an automated teller machine (ATM) located in Hungary, or
- HUF cash withdrawal transactions made at K&H Bank's any cash desk until **31 December, 2014** related to an Account that K&H Bank already managed on 21 November 2013 based on a valid and effective contract and was not associated with a bankcard on that day, provided that the consumer (private individual) making a declaration on the Account
- makes a statement, which our Bank accepts by the 20th day of the month preceding the month when the discount is to be used, declaring that he intends to use this discount, and
- is the holder of the Account, and
- has an address or place of stay in Hungary registered with our Bank, and
- is older than 16 years of age or will become 16 in the month when the discount is to be used.

The sequence of the preferential transactions executed on the Account is defined by the cash withdrawal dates and times.

In the case of cash withdrawal transactions charged to overdraft facilities, interest is payable on the utilised part and a commitment fee is payable for the unused amount of the facility, as set out in the Announcement on the terms and conditions applicable to K&H's HUF overdraft facilities.

2. Making the statement

Only one statement can be made for any single Account. One consumer (private individual) may make a statement to only one financial service provider – selected at his discretion – at any given time. Only the account holder may make the statement identifying the beneficiary account to be used for free cash withdrawal, or the statement cancelling that account status. In the case of accounts with multiple holders, any single account holder (but only one of them) may make the statement identifying the beneficiary account. Only the account holder who made the initial statement identifying the beneficiary account may cancel the beneficiary account status.

A new statement may only be if the previous statement is withdrawn by 30 November 2014. A new statement given by 1 December 2014 will automatically repeal the previous one, regardless of which financial institution it was given to.

Account holders may make their statements

- in writing, using K&H's form introduced for this purpose, on the Bank's premises used for the provision of payment services, or
- via the dedicated K&H e-banking interface, or
- using K&H's TeleCenter, following ePIN identification.

A person acting on behalf of an Account holder (i.e. a legal representative, or a Mandate Holder based on one-time authorisation) may make this statement only on the Bank's premises used for the provision of payment services in writing, by completing K&H's form.

Based on their statement made by the 20th day of the current month, clients will be eligible for the statutory free cash withdrawal transactions as of the 1st day of the following month. If the statement is withdrawn by the 20th day of the current month, the discount will not be available in the following month. If the statement is withdrawn after the 20th day of the current month, the discount will remain available in the following month and will be terminated as of the first day of the second month following the current month.

A national central registration system will be deployed by 31 December, 2014 to keep record on the statements. Pursuant to Article 62/B of the Pft., the Central Register will receive the personal identification data of the declarant, and the fact and date of making the statement, as indicated by the clients on the statement, and keep them in a retrievable form. For details regarding the purpose of the Central Register, the data processed thereby, the rules pertaining to the operation of the Central Register and the rights of the declarants please refer to the last section herein.

The Bank is entitled to retroactively charge, in a single amount, all fees and costs waived based on the relevant legal regulations if the Account Holder / Co-holder should provide false information in his statement.

3. Calculating the fee for withdrawn amounts exceeding HUF 150,000

If the cash withdrawn in the first or second transaction made in the current month exceeds the HUF 150,000 statutory limit, the cash withdrawal fee charged for the transaction shall be divided based on the amount withdrawn free of charge and the amount withdrawn for a fee, and the amount payable for the latter shall be charged.

Example:

<i>cash withdrawal transaction</i>	<i>amount withdrawn</i>	<i>amount exceeding HUF 150,000</i>	<i>transaction fee</i>	<i>fee charged</i>	<i>saving</i>
1.	HUF 90 000	-	HUF 1 098	0 Ft	HUF 1 098
2.	HUF 70 000	HUF 10 000	HUF 1 012	HUF 145 = HUF 1 012 x (HUF 10 000 / HUF 70 000)	HUF 867

(the charge used in the example is the fee payable for withdrawing cash using a third-party ATM and is specified as 0.43% + HUF 711 in the announcement titled 'Debit bankcard announcement for private individual customers' effective as of 6 January, 2014.)

4. Account/account package discounts

If the beneficiary Account of the Client eligible for free cash withdrawal is an account/account package for which the Bank provides preferential/free cash withdrawal transactions, the Bank will provide free cash withdrawal for the time such eligibility exists by

- extending the preferential/free cash withdrawal option available for the client's Account up to the statutory discount level, and
- extending the cash withdrawal option limited to K&H ATMs to cash withdrawals from any ATMs located in Hungary, but limiting the number of free ATM cash withdrawals to two as set forth in the relevant legal regulation.

If the first cash withdrawal transaction – with the discount modified as described above – on the Account reaches or exceeds the HUF 150,000 statutory limit, any subsequent cash withdrawal transactions will be subject to the original discounts applicable to the Account.

Concerning ATM cash withdrawal discounts, the above rules are illustrated with the following examples:

- If **no ATM cash withdrawal discount is associated with the Account**, discounts are granted for the statutory 2 ATM cash withdrawal transactions made in Hungary up to a combined amount of HUF 150,000.
- If a **discount for 1 K&H ATM cash withdrawal is associated with the Account**, the discount will be extended to include cash withdrawal from any domestic ATMs*. The second transaction – under the legal regulation – will be free of charge up to the HUF 150,000 limit also including the amount withdrawn in the first transaction.
- If the **Account is associated with a discount for 1 domestic ATM cash withdrawal**, the second transaction will be free of charge up to the HUF 150,000 limit including the amount withdrawn in the first transaction.

Uniform Deposit Rate Index (EBKM)

Pursuant to Government Decree 82/2010. (III.25.), deposit products must be supplied with a "Uniform Deposit Rate Index", referred to with its Hungarian abbreviation as EBKM. The Bank calculates the EBKM index using the following formulas stipulated in the Decree:

If the term remaining until maturity is less than 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{1 + r \times (t_i / 365)}$$

If the term remaining until maturity is at least 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{(1 + r)^{(t_i / 365)}}$$

where

n: number of interest payments,

r: one hundredth of the EBKM index,

t_i: number of days outstanding as calculated from the date of placing the deposit to the ith payment,

(k+bv)_i: the sum of the interest paid at the ith payment plus the deposit amount.
