We would inform you that until withdrawal from 21 June 2023, in connection with the international cash trade disturbances, due to difficulties occurring in purchasing and selling banknotes, the Bank will suspend the distribution of currency in Norwegian krone (NOK) and Swedish krone (SEK).

In view of this, the Bank will not accept Norwegian and Swedish kroner currencies from the above date, which restriction affects all cash transactions at cash desks operating in its customer points network, especially with regard to cash deposits, cash withdrawal and currency exchange.
