Complaints Handling Policy

This Complaints Handling Policy has been designed to inform our Clients about how and in what form they may file their objections related to our Bank's products and services (including our investment service activities and the auxiliary services we provide), conduct, activities or omissions (hereinafter: complaint). Our goal is to ensure that any complaint can reach us as easily and as quickly as possible to guarantee a fast and effective solution. With the help of our complaints handling procedure we try to answer the complaints filed with us as soon as possible and to settle the underlying problems to our Clients' satisfaction.

Please note that submissions in which Clients request general information, a(n account) statement, an opinion or a position statement by the Bank or in which they apply for special consideration will not be regarded as complaints.

The settlement of disputes arising in connection with portfolio data regarding Treasury deals covered by the EMIR will be governed by the applicable provisions of the Bank's Terms and Conditions of Business for investment and auxiliary services.

All complaints regarding the Bank's data processing activities will be governed by the rules stated in the Data Processing Information available on the Bank's website.

I. Possible ways of filing complaints

2. Written complaints

- a) Written complaints may be submitted in person by the complainant or a third party to the front-office staff or the sales point manager at any of our sales points.
- b) By post, addressed to any sales point or the Bank's head office (K&H Bank 1851 Budapest).
- c) By e-mail, sent to the Bank's e-mail address (bank@kh.hu), in the case of large corporate clients to the e-mail address vallalatiugyfelszolgalat@kh.hu.
- d) Via other electronic channels: you may send a message in your K&H mobile bank using the "Send Feedback" menu item, or after logging in, via the "Messages" menu; in K&H retail and corporate e-bank, after logging in via the "Messages/e-post" menu item, or on the Bank's website (www.kh.hu/panaszkezeles) using the "write us your observations" function.
- e) Written complaints about Treasury deals should be sent directly to the dealers of the Market Directorate at their own office e-mail addresses or the group e-mail address at treasurysales@kh.hu.

For security reasons the Bank can only provide general information – i.e., information not classifying as a banking or securities secret – in its reply e-mail, therefore in these cases the Bank's reply – which includes banking or securities secrets – to Client complaints submitted by e-mail will be sent by post to the Client's mailing address, or can be viewed via an identified channel, after logging in to K&H e-bank under the "Messages / e-post" function, or after logging in to K&H mobilbank under the "Messages" function.

We provide standard forms for the submission of written complaints. Our Clients can use either the Bank's form or the form issued by the Central Bank of Hungary, both of which are available on our website (www.kh.hu).

3. Acting through an authorized representative

Our Clients may also act through an authorized representative. The required authorization form is available on our website (www.hu/panaszkezeles, „Complaint Authorisation” menu item).

If a Client acts through a representative but does not want to use the Bank's authorization form, the authorization submitted to the Bank must (i) be incorporated in an authentic instrument or in a private document with full probative force as set out in Act CXXX of 2016 on the Code of Civil Procedures, and (ii) expressly authorise the Bank to release the information classified as a banking/securities secret by the Bank to the representative, with a precise description of the banking/securities secrets that may

thus be released (for further information, please read the document titled “Information on the form and content requirements of authorisation on www.hu/panaszkezeles).

II. Complaint investigation

The Bank makes every effort to reply to any problem as soon as possible. Complaints are investigated free of charge. Complaints are investigated taking into consideration all relevant circumstances.

1. Verbal complaints

The Bank investigates verbal complaints – including those made in person or by telephone – immediately and provides a remedy/solution wherever possible.

The Bank may refrain from investigating complaints that are repeated, have content that is identical to complaints that previously received a substantive response, are made by the same client, and contain no new information; the Bank may also refrain from investigating consumer complaints made by unidentifiable persons.

In the case of verbal complaints made by telephone, the Bank follows a reasonable procedure to ensure that any call is answered live, by an operator, within five minutes from the successful receipt of the call. In the event that it is not possible to investigate any complaint promptly, the Bank draws up a record.

When handling a complaint over the phone, our Clients are notified at the beginning of the phone-based complaint handling that we record all telephone conversations and keep the recordings of complaints for a period of five years. At the Client's request we provide an opportunity to listen to the recording, and release a copy of the recording or the certified transcript of the recording, as requested, to the Client free of charge within twenty-five days.

If the Client does not agree with the way a verbal complaint is handled, the Bank will record the complaint and its position regarding the complaint in writing, and if the complaint cannot be investigated and resolved immediately, the complaint will also be recorded in writing.

In the case of verbal complaints made in person, the Bank releases a copy of the complaint record to the Client, while in the case of verbal complaints made by phone it is sent to the Client together with the response to the complaint. In this latter case we will send the Client our response to the complaint, including our reasons, within the statutory deadline.

The written record of the complaint contains the following data and information:

- a) the Client's name;
- b) the Client's home address, registered office address and, if necessary, mailing address;
- c) the date, place and method of submitting the complaint;
- d) a detailed description of the Client's complaint, where each objection raised in the complaint is recorded separately so that all objections included in the Client's complaint can be investigated in full;

- e) the number of the agreement involved in the complaint, and the client ID depending on the case;
- f) a list of the documents and other evidence presented by the Client;
- g) the signatures of the person writing the record and that of the Client in the case of complaints made in person if the complaint cannot be investigated immediately;
- h) the date and place of making the record;
- i) the name and address of the organizational unit involved in the complaint.

Our reasoned position regarding a verbal complaint that has not been investigated immediately will be sent to the Client within the deadline specified in Section 2 below.

2. Written complaints:

In the case of complaints related to payment services, we will send our response to our Client within 15 working days of receiving the complaint. If, due to reasons beyond the Bank's control, it is not feasible to respond to all elements of the complaint within 15 working days, we will send a provisional answer, which will also include the reasons for the delay of the substantive response and the deadline for the final answer. Regardless, the deadline for the final answer will be the 35th working day from the time the complaint is communicated.

Our response to complaints regarding records in KHR (the Central Credit Information System) will be sent to the Client within 5 working days.

In all other cases, our position on the written complaint, including our reasons, will be sent to the Client within 30 calendar days upon receipt of the complaint.

III. In the complaint handling procedure the Bank may request the following data from the Client:

- a) name;
- b) agreement number, client ID;
- c) home address, registered office address, mailing address;
- d) phone number;
- e) method of communication;
- f) product or service involved in the complaint;
- g) description and cause of the complaint;
- h) the Client's claim;
- i) copies of the documents in the Client's possession that are required to support the complaint and which the Bank hasn't got;
- j) in the case of clients acting through a representative, a valid authorization;
- k) any other data required to investigate and respond to the complaint.

We treat the data of the complaining Customer in accordance with the personal data protection regulations.
