CREDIT CARD ANNOUNCEMENT FOR PRIVATE INDIVIDUAL CUSTOMERS

Valid from: 12 September 2019

Published on: 12 July 2019

TELECENTER:06 1 335-3355 /06 20 335-3355/ 06 30 335-3355 / 06 70 335 3355

INTERNET: www.kh.hu

BIC (SWIFT) KÓD: OKHBHUHB

On 1 April* each year the Bank is entitled to adjust card usage-related fees and charges published in the Announcement by no more than the value of the accumulated consumer price index (inflation) measured in the period since the most recent adjustment of such items with the rate of inflation. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items. The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office. The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign. The modified Announcement is made available in the branches and published on the home page 2 months before the effective date.

Reason for this modification is that the Bank from 12 September 2019

- **terminates the „daily mobile wallet limit” limit type, so the „purchase limit” is then applied in case of the payment with mobil wallet,**
- **and modifies the conditions for using the 3D Secure Code Service.**

The changes are set in bold and printed in red.

Available credit line	HUF 160 000-1 000 000	HUF 160 000-1 000 000	HUF 360 000-1 500 000
	The maximum amount of the credit line is two times the monthly net income as presented on the income certificate. The available credit line will be finalised in the Bank's rating process as follows. The maximum amount of the credit line is two times the monthly net income as presented on the income certificate. For customers having at least a 3-month current account history at K&H (with regular income transfers to the account), the maximum credit line amount is three times the average of the regular wage credits for the last 3 months.		

The minimum repayment amount includes the minimum repayment amount calculated for the credit line portion used in the given settlement period and the minimum repayment amounts unpaid in the previous periods. If, based on the used portion of the credit line, the minimum repayment amount is below HUF 1 000, then the Account holder will have no minimum repayment obligation for the given due date, i. e. no default fee will be charged if the minimum repayment amount remains unpaid. The amounts paid on the date closing of the billing cycle as the sum of the Bank for repayment charges.

The past due fee is charged for a default in payment, to be paid in case the minimum repayment instalment of the Account holder is not credited to the credit card account by the due date. When placing deposits, especially via postal transfers, please always consider the run-through time of the given form of deposit.

The overlimit fee to be paid on each occasion of a credit line excess. In case of overdawn credit line the credit card account will be blocked until the arrears paid. The restriction is automatically being released as soon as the deposit of the due amount is booked on the account, then the credit card can be used from the day after.

If the debt is settled in full by the due date, the Bank will not charge any interest on the purchase and purchase type transaction of the given settlement period. Purchase type transactions: all charges related to bank account, bank card fees, costs, cash withdrawal fees, transaction costs and fees for other services related to the card.

Number and type of cards that can be requested: Maximum 1 physical main card and 4 physical co-cards may be issued for an account; the first applied card must be main card. The type of co-card and main card can not be different. A customer may only have one credit card credit line at a time.

Replacement card application: In case of physical card after a card has been stopped, the Bank will be provided at the Customer request starts a process to replace the card and to forward a new one. The Bank forwards replacement cards to cardholders by following the process for mailing stopped cards. If no replacement card is issued for such card, the bank card agreement ceases to exist on the expiry date of the card stopped.

In case of cash withdrawal with credit card the interest will be charged immediately.

Built in travel insurance: In case of credit cards requested prior to 5 October 2018 and affected by contract amendment before 31 January 2019, the travel insurance cover included in the annual fee shall remain (even when the card is replaced or renewed). This insurance will be valid for all countries of the world except for Hungary or – in the case of an insured foreign citizen – the country of permanent residence, if the period of one journey may not exceed 30 days. Insurance coverage starts following the day of bankcard issuing. Details of the insurance service are in terms and conditions of the assistance and insurance.

K&H optional travel insurance: For K&H Visa Classic and K&H Mastercard credit cards, optional K&H travel insurance may be requested. Such cover may be requested at the time of the application for the plastic card or later, for the activated credit card. The condition of applying for such cover is that at the time of the application there must be no travel insurance in place in respect of the card, whether such cover is included in the annual fee or exists separately. If a card still has travel insurance included in the annual fee, optional K&H travel insurance may only be requested for the card subject to the termination of the existing card agreement and the application for a new card. This insurance will be valid for all countries of the world except for Hungary or – in the case of an insured foreign citizen – the country of permanent residence, if the period of one journey may not exceed 60 days. Insurance coverage starts following the day of bankcard issuing. Details of the insurance service are in terms and conditions of the assistance and insurance.

Interest rates: from the perspective of interest this fee qualifies as a purchase type transaction.

Automatic repayment (direct debit): This service can be set up only for debiting K&H bank accounts. The automatic repayment fee shall be charged at the end of the settlement period, and the fee increases the credit line usage. The service comes into effect on the first subsequent closing day of the cycle after the set up. The sum to be collected is calculated and managed by the system using the prevailing repayment figures at the closing of the cycle, so it cannot take into consideration any credits coming in between the end of the cycle and the payment deadline.

Campaign information: the detailed conditions of the home and car assistance services are contained in the Terms and Conditions for these Insurances.

The calculation method of PPI fee – as described in the relating Terms and Conditions – is based on the actual outstanding as stated on the account statement, multiplied with the value as shown in the Announcement, rounded to HUF (based on the rules of rounding). The fee is a subject of interest calculation and charged even if it occurs overlimit. The terms and conditions of the insurance are detailed in the "K&H Biztosító Zrt. K&H Hitelkártya törlesztési biztosítás csoportos hitelfedezeti biztosításának feltételei" document.

Additional services:

The detailed conditions of the Home assistance services are contained in the „Home Assistance Service terms and conditions,,

The detailed conditions of the Car assistance services are contained in the „Car Assistance Service terms and conditions,,

The detailed conditions of the Health assistance services are contained in the „Health Assistance Service terms and conditions,,

The detailed conditions of the Extended Warrantee assistance services are contained in the „ Extended Warrantee terms and conditions,,. The service can only be used for co-cards if the Account Holder has a Home Plus Assistant or a Safety Package.

The content of the Home Plus Assistance service is Home Assistance and Extended Warranty Services. Some elements of the service cannot be terminated separately, only together.

The content of the Safety Package is Home Plus Assistance, Car Assistance and Extended Warranty Services. Some elements of the service cannot be terminated separately, only together.

The transaction cost will be charged for cash withdrawals with credit cards. The transaction cost will be debited to the credit card account of the Account Holder on the first banking day following the transaction date. The Bank is entitled to modify the amount of the transaction cost in accordance with any change in amount of the transaction levy as regulated in Act CXVI of 2012 on the Financial Transaction Levy.

Bankcard limits:

The daily Card not Present (CNP) limit and the daily mobil wallet limit are part of the daily purchase limit, so the maximum limit is identical with the daily purchase limit.

The single and the cumulative contactless transaction limit type are outside of the daily purchase limit, which cannot be modified by the customer. The operating principle of the limit is contained in chapter "Contactless payment – General information" of this announcement.

~~The daily mobile wallet limit type is outside of the daily purchase limit, which cannot be modified by the customer.~~

~~The cumulative mobile wallet limit type is outside of the daily purchase limit, which cannot be modified by customer.~~

Mobil wallet function – payment with digital card:

Digitalisation and all transactions performed with a digital bank card are free of charge.

Cash back: The detailed conditions of cash back are contained in the „Cash Back conditions for K&H credit cards,,

Monthly credit interest rate and calculation of Annual Percentage Rate (APR)

Card type	Monthly interest rate	APR	APR validity
K&H Visa Classic credit card	1,75%	24,3%	It is valid for credit card contracts from 05.10.2018.
Card type	Monthly interest rate	APR	APR validity
K&H Mastercard credit card	1,75%	26,0%	It is valid for credit card contracts from 05.10.2018.
Card type	Monthly interest rate	APR	APR validity
K&H World Mastercard credit card	0,99%	18,3%	It is valid for credit card contracts from 05.10.2018.
Calculation of the monthly credit interest rate is based on the utilized part of the credit line, and is performed on a daily basis.			
Considering a loan of 375 000 HUF and a tenor of 1 year according to Government Decree 83/2010. (III.25.). The annual percentage rate determination is based on actual conditions and on legislations, the modification of which might have an effect on the APR does not reflect the interest risk of the loan. The settlement period is one month.			

The formula for calculating the Annual Percentage Rate (APR):	
$\sum_{k=1}^m C_k (1 + X)^{-t_k} = \sum_{l=1}^{m'} D_l (1 + X)^{-s_l}$	<p> C_k: amount of no. "k" instalment, decreased with those fees which are related to the loan application paid before the first disbursement D_l: the amount of no. 1 instalment or fee payment, m: the number of disbursements, m': the no. of last instalment or fee payment, t_k: the period between the first disbursement and between the later disbursements, value in years and in partial years, thus $t_1 = 0$, s_l: the period between the first disbursement and between each instalment or fee payment, value in years and in partial years, X: value of the APR. </p>

** In the event of internal transaction if the transaction currency and the account currency are identical, the original transaction amount will be debited on the account.

3D Secure Code Service – General information

The **3D Secure Code service** is a service designed by the card companies MasterCard (“MasterCard Secure Code”) and Visa (“Verified by Visa”), which allows every K&H Cardholder — with cards suitable for online use — to pay more securely online, if the merchant also applied the 3D Secure technology. The logos “Verified by Visa” and “MasterCard SecureCode” displayed on the merchant’s online payment interface serve as proof that the merchant has joined the 3D Secure Code service. In order to ensure maximum security, K&H merchants also use 3D Secure payment.

SERVICE COMPONENTS AVAILABLE TO CARDHOLDERS

Terms of Service:

- Only registered users are allowed to use the service. You can register over the e-bank interface, or report your intent to register in any K&H branch, or by calling the TeleCenter (06 1/20/30/70 335 3355) with identifying yourself with your ePIN.
- During registration you must specify a – **one of the following Hungarian mobile service provider’s** - mobile phone number, which the Bank can use to send you the online 3D Secure Code.

Service Provider	SMS center number
Telenor Magyarország Zrt.	+36209000703
Magyar Telekom Nyrt.	+36302030000
Vodafone Magyarország Zrt.	+36709000542
TESCO MBL Zrt.	+36709000542

- In connection with the service, the Cardholder – independent from the number and type of card he holds – can specify maximum one phone number that is the same as the phone number (authentication phone number) provided for electronic identification if an e-channel service is available.
- In the course of registration you must set your own personal assurance message (PAM), which is a text of your choice. This personal assurance message is displayed on the online payment interface when you use the 3D Secure Code to shop online. Its purpose is to make sure that the Cardholder knows that the payment interface originates from an authentic banking environment.
- After registration, a purchase through the Internet from a merchant who does not use the 3D Secure technology may be initiated; in this case, it is not necessary to enter the 3D Secure Code.
- Registration can be cancelled. However, its cancellation means that the Cardholder can no longer effect any purchase transaction with any E-commerce merchant, whether or not that merchant uses the 3D Secure technology.

How the service works:

- When shopping online the Cardholder receives a unique secure code, which must be given as a means of further identification in addition to the three digit CVC/CVV code on the back of the card.
- The 3D Secure Code (which is unique for every purchase) is sent by the Bank as a text message (SMS) to the mobile telephone number specified by the Client during registration.
- The 3D Secure Code (which is unique for every purchase) is sent by the Bank as a text message (SMS) to the mobile telephone number specified by the Client during registration **or later modification of data.**
- The 3D Secure Code remains valid for maximum 10 minutes only, then automatically becomes inactive unless it is activated.
- If you enter the 3D Secure Code incorrectly three times in a row, the Bank will block the online 3D Secure Code service related to the given card for an hour.
- The 3D Secure Code may only contain lower case letters and numbers, in a 3x3 digit format.

Card not Present (CNP) limit:

The Bank has created a new daily limit type to further enhance the secure operation of the service. This new type of limit limits the payments which can be made without the card physically present and is part of the daily purchase limit. This means that you can specify a lower purchase limit within your daily purchase limit—which refers to your total purchases made in a day with your card physically present as well as without your card physically present—that will only limit the purchases made without your card physically present. This lower purchase limit is called the daily **Card Not Present (CNP) limit**. It can be installed and modified through the registration channels of the 3D Secure Code service.

Types of purchases made without the card physically present (Card Not Present): Mail orders or telephone orders (Mo/To) and online purchases (e-commerce).

In terms of the liability issues connected to the use of bankcards, transactions conducted with the 3D Secure Code are considered orders that have been pre-approved by the Cardholder.

GENERAL RULES OF THAT SERVICE

- The use of the 3D Secure Code service is compulsory for all online purchases at a site where the merchant participates in 3D Secure Code service, and the transactions will not go through without it.
- ~~in the case of cards issued, the daily CNP transaction limit applies to the CNP transactions.~~
- the amount of the daily CNP limit will be the same as the daily purchase limit on your card, but Account Holders may specify a daily CNP limit during registration, or a later modification of data, that is lower than their daily purchase limit. **Only the Account Holder may determine the Card Not Present (CNP) limit, the Cardholder shall not.**

For bankcards that are issued before the introduction of the service, the CNP transactions will continue to be limited by the current daily purchase limit set for the given bankcard until the daily CNP limit is modified during registration for the online security code service.

Contactless payment – General information

ACTIATION OF A BANKCARD SUITABLE FOR CONTACTLESS PAYMENT

By activating the card, the contactless payment function is activated and no special activation is required.

	Online* transaction	
	Mastercard credit cards***	Visa credit cards***
	executed in Hungary or Abroad	
Single contactless transaction limit:	In Hungary, a uniform limit of HUF 5,000 applies irrespectively of the type of card used. Abroad, irrespectively of the type of card used, an amount in the country's national currency equivalent to EUR 20-25 applies; the specific amount depends on the country. No PIN code is required for contactless transactions equivalent to or below the limit amount for single contactless transactions. A PIN code is always required for contactless transactions above the limit amount for single contactless transactions.	
Cumulative contactless (on-line) transaction limit:	Irrespectively of the type of card used, a uniform limit of HUF 45,000 applies, which is the cumulative amount of transactions executed below the transaction limit for single contactless transactions. For transactions abroad, the original amount of the transaction is converted to HUF at the exchange rate quoted by the card association.	
Reset the cumulative contactless (on-line) transaction limit:	<p>Automatic reset: The limit is automatically set to zero on the last day of each calendar week irrespectively of whether or not the Cardholder has reached the cumulative transaction limit with the card</p> <p>Reset by transaction: If a Cardholder has reached the HUF 45,000 transaction limit in any one week, then before another contactless transaction (s)he must first have successfully executed at least one of the following:</p> <ul style="list-style-type: none"> • a conventional financial transaction, by placing the bankcard into a POS or an ATM and entering the PIN code, or • a contactless financial transaction in excess of the single contactless limit of HUF 5,000 using the PIN code. 	

*Online transaction: transaction transferred to the Bank's authorisation centre electronically in real time for immediate verification

	Offline** transaction
