announcement

FOR CORPORATE CLIENTS

EFFECTIVE AS OF APRIL 01, 2018

(except conditions in the present Announcement announced with different effective date)

PUBLISHED ON FEBRUARY 01, 2018

INTERNET: www.kh.hu
SWIFT/BIC: OKHBHUHB

The conditions specified in this List of Service Prices for Corporate Clients (Announcement) ("List") shall apply to corporate clients ("Clients") of K&H Bank Zrt. ("Bank"). According to the definition of the Bank "corporate client" means all resident and non-resident legal or not legal entities and organisations (foundation, church, union, municipality, etc.), furthermore enterprises, private persons conducting economic activities. Should any contract concluded between the Bank and the Client ("Client Agreement") contain conditions differing from the conditions contained in this List the stipulations of the "Client Agreement" shall be applicable (the "Client Agreement" shall not change the VAT classes of the individual services). The basic principles and rules according to which the Bank performs business activity are contained by the General Terms and Conditions and the relevant General Contractual Terms and Conditions (which are available for the clients of the Bank free of charge).

CALCULATION METHOD OF FEES AND COST ELEMENTS OF THE ANNOUNCEMENT:

Items specified in the Announcement can be modified (**on 1st of April** of each year) at the most by the cumulated inflation rate calculated on the basis of the period passed since the last modification of the price of the item. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items.

The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office.

The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign.

The Bank considers its Announcement of July 29, 2009 the primary announcement for the current calculation of fees.

Reason of present amendment is:

With reference to Section 3.3.1 of the General Contracting Terms and Conditions on payment and deposit services provided to corporate clients the fees will be amended on 1.04.2018 in response to and in line with changes of the consumer price index. Based on National Statistical Office's datas the inflation rate was 2,4% in 2017. The cumulated inflation rate of the 2014-2017 years was 2,5%, the cumulated inflation rate of 2015-2017 years was 2,7%.

Modifications in the Announcement are printed in bold and, for the specified fee item, the year of the applied inflation rate is indicated in the index.

Modifications in the Announcement are printed in in bold italics.

¹ Effective as of March 30, 2018

8.6 3D SECURE CODE SERVICE – GENERAL INFORMATIONS

The **3D Secure Code service** is a service designed by the card companies MasterCard (“MasterCard Secure Code”) and Visa (“Verified by Visa”), which allows every K&H Cardholder — with cards suitable for online use — to pay more securely online, if the merchant also applied the 3D Secure technology. The logos “Verified by Visa” and “MasterCard SecureCode” displayed on the merchant’s online payment interface serve as proof that the merchant has joined the 3D Secure Code service. In order to ensure maximum security, K&H merchants also use 3D Secure payment.

SERVICE COMPONENTS AVAILABLE TO CARDHOLDERS

Terms of Service:

- Only registered users are allowed to use the service. You can register over the e-bank interface, or report your intent to register in any K&H branch, or by calling the Cégvonal (06 1/20/30/70 335 3355), or by Corporate Customer Service (00-36/1-468-7777) with identifying yourself with your ePIN.
- During registration you must specify a Hungarian mobile service provider’s mobile phone number, which the Bank can use to send you the online security code.
- In the course of registration you must set your own personal assurance message (PAM), which is a text of your choice. This personal assurance message is displayed on the online payment interface when you use the 3D Secure Code to shop online. Its purpose is to make sure that the Cardholder knows that the payment interface originates from an authentic banking environment.
- The security code remains valid for maximum 10 minutes only, then automatically becomes inactive unless it is activated.
- If you enter the security code incorrectly three times in a row, the Bank will block the online security code service related to the given card for an hour.

How the service works:

- When shopping online the Cardholder receives a unique secure code, which must be given as a means of further identification in addition to the three digit CVC/CVV code on the back of the card.
- The 3D Secure Code (which is unique for every purchase) is sent by the Bank as a text message (SMS) to the mobile telephone number specified by the Client during registration.
- The security code remains valid for maximum 10 minutes only, then automatically becomes inactive unless it is activated.
- If you enter the security code incorrectly three times in a row, the Bank will block the online security code service related to the given card for an hour.
- The security code may only contain lower case letters and numbers, in a 3x3 digit format.

New type of limit – Card not Present limit:

The Bank has created a new daily limit type to further enhance the secure operation of the service. This new type of limit limits the payments which can be made without the card physically present and is part of the daily purchase limit. This means that you can specify a lower purchase limit within your daily purchase limit—which refers to your total purchases made in a day with your card physically present as well as without your card physically present—that will only limit the purchases made without your card physically present. This lower purchase limit is called the daily **Card Not Present (CNP) limit**. It can be installed and modified through the registration channels of the 3D Secure Code service.

Types of purchases made without the card physically present (Card Not Present): Mail orders or telephone orders (Mo/To) and online purchases (e-commerce).

In terms of the liability issues connected to the use of bankcards, transactions conducted with the 3D Secure Code are considered orders that have been pre-approved by the Cardholder.

GENERAL RULES OF THAT SERVICE

- The use of the 3D Secure Code service is compulsory for all online purchases at a site where the Merchant participates in 3D Secure Code service, and the transactions will not go through without it.
- From Phase 2 onwards the amount of the daily CNP limit will be the same as the daily purchase limit on your card. However, Account Holders may specify a daily CNP limit that is lower than their daily purchase limit. For bankcards that are issued before the introduction of the service, the CNP transactions will continue to be limited by the current daily purchase limit set for the given bankcard until the daily purchase limit is decreased or the daily CNP limit is modified during registration for the online security code service.

8.7 CONTACTLESS PAYMENT – GENERAL INFORMATION

ACTIVATION OF A BANKCARD SUITABLE FOR CONTACTLESS PAYMENT

As in the case of bankcards not suitable for contactless payment, a card must first be activated in one of the following ways:

- via K&H's e-bank service;
- with your PIN code, at any ATM in the world that displays the logo of the bankcard, upon the first cash withdrawal or balance inquiry;
- personally in a K&H branch, or through K&H's TeleCenter (on 06 1/20/30/70) 335 3355 if you have a valid ePIN code.

RULES FOR CONTACTLESS PAYMENT

Online* transactions	
Maestro / Mastercard contactless bankcards ***	Visa contactless bankcards ***
executed in Hungary or abroad	
Single contactless transaction limit:	In Hungary, a uniform limit of HUF 5,000 applies irrespectively of the type of card used. Abroad, irrespectively of the type of card used, an amount in the country's national currency equivalent to EUR 20-25 applies; the specific amount depends on the country. A PIN code is not required for contactless transactions equivalent to or below the limit amount for single contactless transactions. A PIN code is always required for contactless transactions above the limit amount for single contactless transactions.
Cumulative contactless (on-line) transaction limit:	Irrespectively of the type of card used, a uniform limit of HUF 45,000 applies, which is the cumulative amount of transactions executed below the transaction limit for single contactless transactions. For transactions abroad, the original amount of the transaction is converted to HUF at the exchange rate quoted by the card association.
Reset the cumulative contactless (on-line) transaction limit:	<p>Automatic reset: The limit is automatically set to zero on the last day of each calendar week irrespectively of whether or not the Cardholder has reached the cumulative transaction limit with the card.</p> <p>Reset by transaction: If a Cardholder has reached the HUF 45,000 transaction limit in any one week, then before another contactless transaction (s)he must first have successfully executed at least one of the following:</p> <ul style="list-style-type: none"> • a conventional financial transaction, by placing the bankcard into a POS or an ATM and entering the PIN code, or • a contactless financial transaction in excess of the single contactless limit of HUF 5,000 using the PIN code.

Reset the cumulative contactless (off-line) transaction limit:	Reset by transaction: Before another contactless transaction, the Cardholder must first have successfully executed at least one conventional transaction, by placing the bankcard into a POS or an ATM and entering the PIN code.		
Limitations:	Even though the vendor may display the Contactless logo (indicating the possibility of contactless payment), K&H Maestro contactless cards cannot be used for contactless payment in the United States of America if the POS device can read the magnetic stripe only, i.e. if the device cannot read the information stored on the chip		
If a contactless transaction is rejected, please always try to execute it by placing the card into an electronic terminal.			

**Off-line transaction: transaction transferred to the Bank's authorisation centre with some delay or not transferred at all.

*** For contactless bank cards, online processing is typically preferred.

^{M1} A client may only have one K&H flexible account package at a time. The K&H flexible account package can only be requested for a HUF current account. The effective category of the account package is automatically defined monthly based on the account turnover conducted on the bank account with the K&H flexible account package. After the category of the account package is defined, the fee rates related to the category will not change during the validity period.

The volume of the account turnover is examined on the 15th day of every month. The category, the monthly period defined based on the account turnover enters into force on the 16th day of every month and remains effective until the next review date, 15th day of every month. Counting the transactions with discount in the individual categories starts from the effective date of the category. The package fee related to the given category will be debited on close at the end of the month. When the volume of the account turnover is defined, all the effectively booked incoming and outgoing payment transactions conducted on the current account with the flexible account package and the related card accounts will be taken into account, with the HUF and FX turnover included, except for the book transfers between the client's own accounts (at our bank branches you can request detailed information about the transaction types taken into account when defining the category).

NEW clients (**NEW** clients are companies with no HUF bank account with our Bank within 365 days before, and when, they apply for the package) requiring the account package can opt for package categories as follows:

- If you opt for category **B**, the account package will only be included in a higher category based on the examination of the account turnover, for 12 months following the opening of the account, and it will not be transferred back to a lower category (**A**). Based on the account turnover, the account package can be included in category **A** only after the volume of the account turnover is examined in the 13th month following the month of opening of the account.
- If you opt for category **C**, the account package will only be included in a higher category based on the examination of the account turnover, for 6 months following the opening of the account, and it will not be transferred back to a lower category (**A** or **B**). Based on the account turnover, the account package can be included in category **A** or **B** only after the volume of the account turnover is examined in the 7th month following the month of opening of the account.
- Initial categories other than the above cannot be chosen.

In case of **EXISTING, ALREADY ACCOUNT-MANAGED** clients (**EXISTING, ALREADY ACCOUNT-MANAGED** clients are companies with a HUF bank account with our Bank within 365 days before, or when, they apply for the package) requiring the account package, category **B** will be set as follows:

- for 12 months following the opening of a HUF bank account held on the date of applying for the package or a HUF bank account last closed over the past 365 days, the account package will only be included in a higher category based on the examination of the account turnover and it will not be transferred back to a lower category (**A**). Based on the account turnover, the account package can be included in category **A** only after the volume of the account turnover is examined in the 13th month following the month of opening the account.

All the services included in the package and at least one of the electronic banking services (K&H Entrepreneur E-bank and Electra) must be used.

^{M2} Only transfer orders started via K&H Corporate e-bank, K&H Mobilbank or Electra.

^{M3} Booking fee is charged for the transactions referred in the Announcement I. 3.7., independently of the transaction fee. The booking fee also will be charged for transactions free of transaction fee.

^{M4} The actual date of booking cash withdrawal transactions performed with bankcards shall be subject to the deadlines applied by the international card companies and any eventual other credit institutions participating in the settlement of accounts, which booking shall be typically performed within 4 (four) working days following the execution of the transaction by the Client. In view of such circumstances being outside of the scope of its competence, the Bank undertakes no responsibility for booking a given transaction in the month when it was actually performed, or that booking a given transaction will actually be effected within the period identified above.

^{M5} Only In the case of electronically initiated transfers that are exempt from the transfer fee or subject to a discounted transfer fee, the order of processing cannot be specified for transfer orders that are signed at the same time. In order to make the discounted transfers that are available in the package, those items must be signed earlier and separately from other transfer orders via the electronic channel for which you intend to receive the fee discount.

In the case of discounts depending on the number of transactions per month, discounts shall be granted on the execution of the transactions in the given one-month period. The terms and conditions of the services not indicated above correspond to those specified in Section I of the Announcement.

3. INFORMATION CONCERNING THE INSURANCE PACKAGES LINKED TO THE SERVICE PACKAGES

EFFECTIVE FROM MAY 1, 2014

Based on the insurance contract between **K&H Biztosító Zrt.** (1095 Budapest, Lechner Ödön fasor 9., Tel: 335-3355) and **K&H Bank Zrt.** the Insurer provides life insurance services – group risk life insurance, accidental death insurance and supplementary cover for accidental total and permanent disability – for corporate account holders, as described below:

a.) The Bank provides **optional** life and accident insurance to holders of the following SME bank accounts:

- **Account packages:**
 - K&H start+ account package
 - K&H dynamic+ account package
 - K&H active+ account package
 - K&H start extra account package
 - K&H dinamic extra account package
 - K&H active extra account package
- **Special corporate account packages:**
 - K&H legal+ account package
 - K&H health+ account package
 - K&H accountants + account package
- **K&H bankcard acquiring+ account package**
 - E-bank Extra account package
 - Business Terminal account package

Type of insurance 4.	
Covers	Sum insured **
Risk life insurance*	HUF 1 000 000
Accidental death	HUF 2 500 000
Accidental permanent and total disability	HUF3 000 000

* **Above the age of 70, no natural death services shall be provided;** services are only available in the case of an accident (death by accident, permanent and total accident-related disability).

** If two persons are designated in the corporate account management contract, then each of the two policy holders are eligible to half of the sums in the above table.

The insurance cover may extend to max. 2 persons. The Policy holder may be a person, who is registered as the managing director of the business, or who actually operates the business (cannot be e.g. the limited partner in a limited partnership [Bt.]). The cover for a given policy holder begins on the date of opening the corporate account and ends on the date when it is terminated (settled with final effect), or until such date as the given policy holder is indicated in the bank account management contract as the policy holder.

The Insurer must pay compensation upon the occurrence of the following events:

- **Risk life insurance:** Non-accidental death of the policy holder during the coverage period – in this case 6 months` waiting period will apply as from the opening/modification of the account, and/or the registration of a new policy holder.
- **Accidental death:** An accident involving the policy holder during the coverage period provided that it causes death of the policy holder within one year.
- **Accidental permanent and total disability:** An accident involving the policy holder during the coverage period provided that it causes total and permanent disability within one year.

The cases of permanent and total disability are listed in the regulation applicable to the insurance contract. **The insurance benefits do not depend on the degree of the disability.**

b.) The Bank provides life and accident insurance to holders of the following types of corporate account:

- **K&H Start account package**

Type of insurance	Type of insurance (sum insured in HUF**)
	2
Natural Death*	150,000
Accidental death *	800,000
Accidental total and permanent disability *	800,000

***Insurance coverage discontinues for the given policy holder when his/her age exceeds 62 years.**

** If two persons are designated in the corporate account management contract, then each of the two policy holders are eligible to half of the sums in the above table.

The insurance cover may extend to max. 2 persons. The Policy holder may be a person between 18-62 years of age, who is registered as the managing director of the business, or who actually operates the business (cannot be e.g. the limited partner in a limited partnership [Bt.]). For the given policy holder the coverage begins on the date on which the supplementary life insurance is requested. Coverage ends for the given policy holder on the date on which the corporate account package linked to the above products is terminated (settled with final effect), or the day on which the supplementary life insurance is terminated/cancelled.

The Insurer must pay compensation upon the occurrence of the following events:

- **Non-accidental death (natural death)** of the policy holder during the coverage period – in this case two months` waiting period will apply as **from the opening/modification of the account, and/or the registration of a new policy holder.**
- An accident involving the policy holder during the coverage period provided that it causes total and permanent disability, or death of the policy holder within one year.

The cases of total and permanent disability are listed in the regulation applicable to the insurance contract. **The insurance benefits do not depend on the degree of the disability.**

In the event of the death of the insured, the party entitled to the service (the beneficiary) shall be the Bank up to the debit balance of the bank account, while all amounts in excess of that sum, or if there are no debt on the account, shall be due to the person(s) designated by the account owner as beneficiaries in the event of his/her own death. If no such person was identified, then the insurance beneficiary shall be the inheritor of the policy holder. The beneficiary of the disability benefit is the policy holder.

Any occurrence of an insured event must be reported to K&H Biztosító through the Bank, and all documentation required to assess the claim must be made available. Thus in particular, the documents certifying the fact of the death, and all of its circumstances (death certificate, coroner's certificate), documents proving that the death or disability was caused by an accident, and the grant of probate identifying the heir, etc.

Information provided to the insurance company constitute an insurance secret, thus they may only be disclosed to a third party if the Insurer's client or his/her legal representative provides a written exemption specifying the scope of disclosable information. Confidentiality, however, does not apply to the following authorities and officers (under the conditions specified in the Insurance Act): the National Bank of Hungary, investigating authorities, the prosecutor's office, courts of justice, court bailiff, notary public, tax office, national security service, Office of Fair Competition, child protection authorities, health authorities, organisations authorised to employ methods of the secret service, bond registries.

Further, the confidentiality of insurance information shall not apply to the re-insurer, to the recipient Insurer in the event of a portfolio transfer, and, with regard to the details required for outsourcing, the person/entity performing the activity outsourced. Disclosing aggregate data, or helping the Ministry of Finance in the creation of legislation, or transferring information not qualifying as personal data for the purposes of performing an impact analysis shall not constitute a breach of confidentiality of insurance information. No information may be withheld claiming confidentiality of insurance information if data provision is obligatory under separate legislation on the disclosure of data of public interest and on access to information of public interest (Articles 153-161 and 165 of Act LX of 2003).

Detailed conditions concerning the insurance arrangement are contained in the Insurance Regulation, available in the branches of the Bank and www.kh.hu website. We wish to expressly note that in accordance with these regulations the Insurer will not provide coverage in certain cases.

4. THE METHOD OF CALCULATION OF THE FEES SET OUT IN THE ACCOUNT PACKAGES FEATURED

The Bank applies the following method of calculation to calculate the specified fees of the account packages: The fees in the table below are calculated as the product of the units corresponding to the given type of fee contained in the current, effective Announcement — Point I.1. 'Hungarian Forint and Foreign Currency Accounts' and point I.8. 'Terms and conditions of bankcard services' — and the percentage value featured in the relevant field of the table, and using the accepted rules of rounding-off, to Hungarian forint values of either 0, 5, or 10.

The Bank does not apply a method of calculation — with regard to the account package — to the fees not featured in the table.

The concrete fees calculated on the basis of this method of calculation are contained in Chapter II 'Account Packages' of the Announcement.

III. SERVICES

1. NOTICE OF THE K&H SME CUSTOMER SERVICE

EFFECTIVE FROM OCTOBER 29, 2016

K&H SME Customer Service by phone

K&H SME Customer Service is available 24 hours a day, 365 days a year at phone numbers **06 1 / 20 / 30 / 70 335-3355**.

The service is available at 335-3355 without a prefix if called from mobile networks or Budapest land lines.

K&H SME Customer Service can be used with an 8-digit ID, the TeleCenter ID / K&H énazonosítól (e-ID)¹ and a 6-digit secret ePIN¹ code.

Obtaining an ePIN code

SME clients' representatives can apply for ePIN codes following the general administration procedure prearranged with K&H Bank.

Features of ePIN based identification when using the K&H SME Customer Service system²

- The owner of the ePIN is a natural person,
- information to be given as a means of identification: the transaction authorization holder's personal K&H e-ID and ePIN,
- authorized persons who are retail clients of K&H will be reminded of their private K&H e-ID by means of dedicated communication,
- to authorized persons with no client relationship with K&H a e-ID will be allocated automatically.

If the type of an ePIN code is changed that affects all services used with that ePIN.

- In case of collection the modification of authorization letter is attended so, that the previous authorization will be deleted and the new authorization will be registered. In case of registration of a new authorization the Bank shall charge the registration fee of authorization letter.
- In terms cheques received for collection the Bank shall be entitled to enforce all of its claims against the client presenting the cheque should they occur due to the insufficient fund of the cheque or a cost charged by the partner bank.
- If the total FX amount requested by the client with an FX account cannot be disbursed in cash at the Bank's tills (small or fractional amount), the Bank shall disburse the HUF equivalent of the remaining FX amount at the FX medium rate quoted on the current day and effective on the execution date of the transaction.
- In the case of conversion between two currencies, the remaining amount shall be paid out in HUF converted at the FCY mid-rate.
- If the client wishes to conduct a cash withdrawal transaction at the Bank's tills in an amount exceeding the limits displayed in the client reception area; she/he may communicate her/his intention either in the branch, in person, or via K&H TeleCenter, 2 banking days prior to the planned withdrawal. If the client wishes to make an instantaneous withdrawal in excess of the limit defined, or prior to the notification deadline, she/he will be charged an instantaneous till withdrawal fee, which will not affect any other fees or charges set out in the Announcement.
- The Bank only accepts FX coins of EUR 1 and 2 denominations and disburse cash only in FX coins of these denominations.
- Bank only accepts English Pound (GBP) bank notes issued in England, Northern Ireland, and Scotland.
- The Bank shall only guarantee withdrawals in various currencies, irrespectively of the amount involved, if the client communicates her/his intention to withdraw such currency amount at least two banking days prior to serving the client. Branches shall make spontaneous currency cash payments until cash stock last.
- Should in case of HUF cash in the number of banknotes be over 1.000 and the coins over 500 the Bank shall automatically apply the fees of "Large volume cash deposit" of Announcement. Should in case of foreign currency payment the number of banknotes exceed 500 the Bank shall automatically apply the fees of "Large volume cash deposit" of Announcement. If the HUF amount deposited includes banknotes as well as coins, and the total number of coins or banknotes is higher than the predefined limit, the Bank will charge a bulk bag fee, as published in the Announcement, for both the coins and the banknotes.
- The cash deposit or cash withdrawal of amounts equalling or exceeding HUF 30 million or the FCY equivalent thereof - including exchange of foreign currencies and exchange of denominations -performed by the Client on the same Banking Day within the framework of one or more cash-desk transactions shall be considered to represent a cash deposit or cash withdrawal involving a large amount. In case of foreign currency transactions, the amount shall be converted for the purpose of this calculation at the foreign currency mid-rate I announced by the Bank on the day when the transaction is reported. The Bank shall not accept cash

deposits in excess of HUF 70 million or the FCY equivalent thereof, and shall not execute any orders for cash withdrawals or exchange of foreign currencies or exchange of denominations above that large amount.

- A discount fee is charged from the nominal value when accepting FCY coins, and under withdrawal from circulation FCY bank notes. Bank does not accept under withdrawal from circulation English Pound (GBP) and Swedish Krona (SEK) denomination FCY banknotes neither case of FCY change, nor FCY deposit.
- As the risk related to the service in currency change of FX deposit has been changed recently, K&H does not accept any dirty, damaged, defective FCY bank notes neither case of FCY change, nor FCY deposit.
- The Bank exchanges fit Forint banknotes and Forint coins to fit Forint banknotes and Forint coins of another denomination in the framework of denomination exchange, and it exchanges unfit ones which are still regarded as legal tender to fit Forint banknotes and Forint coins of the same denomination in the framework of replacement, if their authenticity and denomination can be clearly ascertained upon receipt on site. In both cases, exchange takes place at face value. The Bank charges the fee specified in the current Announcement for the denomination exchange.

Another precondition for exchanging a deficient Forint banknote to fit Forint banknote or Forint coin of the same or another denomination is that more than half of the note has to be presented. The Bank will exchange denominations of, or replace deficient Forint banknotes consisting of several pieces – whether or not glued together – if it can be ascertained beyond doubt that the specific pieces are part of the same banknote and together they make up more than half of the Forint banknote.

The Bank will refuse to perform the denomination exchange or replacement if the authenticity or the face value of the HUF banknote or coin cannot be ascertained beyond doubt upon receipt, or the Forint coin has been mutilated (cut in half, perforated or machined).

If it cannot be clearly ascertained upon receipt whether or not the Forint banknote complies with the conditions of denomination exchange, the Bank will accept the Forint banknote or Forint coin for subsequent settlement and at the same time take a protocol of this circumstance. Intentionally mutilated Forint coins will also be taken over by the Bank for subsequent settlement.

The Bank will charge the fee specified in the Announcement for the denomination exchange and replacement transactions.

The Bank will take over from clients any deficient or damaged Forint banknote, the surface of which does not exceed 50% of the surface of the entire banknote free of charge in return for a receipt, then sends these to the National Bank of Hungary (NBH) for their withdrawal from circulation and destruction. The performance of the above activities by the Bank is not subject to the utilisation of other banking products.

- The Bank will replace Forint banknotes which are no longer deemed legal tenders and are withdrawn from circulation by the National Bank of Hungary (NBH), with fit Hungarian legal tenders of the same denomination, without any limitation or condition, free of charge, within 3 years reckoned from the date of their withdrawal. In the case of Forint coins replacement with fit Forint coins of the same denomination takes place within 1 year reckoned from the date of their withdrawal.
- The Bank will accept and withdraw suspected counterfeit banknotes and coins (Forint and currency) from circulation in return for a receipt without charging any fee and send those for further expert examination to the NBH.
- The above cash transactions shall be performed by the Bank in its entire branch network during cashier hours in compliance with the relevant effective laws and regulations (the NBH Decree no. 11/2011 (September 6) and 12/2011 (September 6), and the Act CCVIII of 2011 on the activities of NBH). The denomination exchange service is provided to clients holding a bank account with or using any other banking product or service by K&H Bank, except upon the partial exchange of a foreign currency amount. To exchange old version 20.000 HUF banknotes for new version 20.000 HUF banknotes the Bank does not require to keep a bank account or to have any other banking product or service at the Bank.
- In the case of bulk bag payments, valuables may only be deposited in intact and undamaged packaging materials previously presented to, and accepted by, the Bank, or packaging materials provided by the Bank against a fee (disposable plastic bag for valuables or canvas cash transportation bags with plastic safety seal). A single delivery bag for valuables may hold the following amount of cash:
 - in the case of banknotes: maximum HUF 20,000,000, or 10 kg, or, subject to the value limit, a maximum of 4000 banknotes,
 - in the case of coins: maximum HUF 20,000,000, or, depending on the bag size, 5 or 10 kg.

When sealing the deliverable valuables, great caution must be exercised.

100 banknotes of identical denomination should be strapped with a band to form a banknote bundle. A band should also be used in the event that the number of banknotes of identical denomination does not reach 100. The band must be stamped – if the depositor uses a stamp – dated, and also signed by the person compiling the banknote bundle. The band also needs to indicate the denomination, number of pieces and amount of the banknotes. A separate denomination slip should be issued for the banknotes and coins to be transported. The denomination slip must indicate the name and the address of the business premises of the depositor, the date of payment, the currency denomination, number of pieces, amount and grand total of the cash to be paid, the number of the account to be credited, the serial number of the packaging materials, the signature of the persons dispatching the deposit, and if the depositor has a stamp, it should also be affixed on the slip. Coins should be packed and transported separately from the banknotes. Coins may only deposited in plastic bags for valuables specifically manufactured for coin transportation or in canvas cash transportation bags with plastic safety seal provided by the Bank. A second copy of all denomination slips must be put in the envelope/bag containing the cash, and another copy to a separate envelope to be sealed. The envelope must indicate the name of the depositor (address of the business premises making the payment) the serial number of the packaging material, as well as the serial number of the denomination slips enclosed therein. The envelope with the denomination lists(s) should be delivered to the bank branch together with the consignment of valuables containing the deposit.

- The Bank shall separately charge the clients for the occurring costs (mail, courier, telephone, fax, SWIFT, photocopies, etc.), and the transferred commissions and costs, with special regards to fees and commissions claimed by domestic and foreign banks involved in effecting HUF and FCY transfer orders.
- The Bank shall not charge a transaction fee after accounting corrections originating from the fault of the Bank, or settlements occurring due to bank technical reasons.
- Fees, costs and commissions are charged immediately or periodically. They are debited immediately as they occur or batched for a certain period. Exchange rates used for any conversion to the currency of the account: the Bank's foreign currency mid-rate 1 effective on the day of debiting; in case of cash transactions, the Bank's current mid-rate; in case of documentary transactions, the

buy or sell rate, depending on the direction of the transaction. Periodical fees (such as the monthly account management fee) are debited on the last banking day of the period, based on the fee level valid on that day. Concerning periodical fees, a period started is deemed an entire period (e.g. concerning a monthly fee, every calendar month commenced is deemed a whole month, and concerning an annual fee, every calendar year commenced is deemed a whole year). Periodical fees are clearly indicated as such (e.g. "/ month"); in other cases, the fees are debited immediately. Batched fee collection is specifically indicated, including the batching data.

- Another account of the same client can be specified from which the fees, costs and commissions incurred on an account (except bank card and e-post service fees) are to be paid.
- K&H Bank shall charge a cost — as per the postal tariffs of Magyar Posta Zrt — for the postage of account statements mailed to clients through Magyar Posta Zrt *and other post method*. A cost shall be charged for every envelope sent, based on the address on the envelope. The first postage cost settlement period shall begin on September 1, 2011. The postage cost shall be charged to the oldest current account of the client on a monthly basis — for envelopes sent between the last work day of the month preceding the subject month and the day before the last work day of the subject month — cumulated for every client, in a lump sum, on the last work day of the subject month. If the client does not have a HUF-denominated current account, the postage costs shall be charged to the client's foreign currency account, regardless of the currency of the account. If the client does not have a corporate current account of any type, the postage costs shall be charged to the client's oldest free-disposal HUF (or, without that, foreign currency) payment account. If a general banking fee settlement account is linked to the settlement account, the postage costs shall be charged to that general banking fee settlement account
The Bank grants the paper-based account statement mailed for clients considered to be micro-enterprise - except those requesting an e-statement - once a month without the addition of any postal cost.
- When applying for a banking service with electronic identification or when no bank account has been designated to be the settlement account of an existing banking service with electronic identification the Bank shall automatically designate as the fee settlement account the oldest active bank account from among the Client's freely disposable HUF and FX accounts. The Bank shall designate the fee settlement account taking into account the following account types:
 - K&H current account,
 - K&H corporate FX account / K&H foundation's FX account / K&H FX account for non-governmental organisations,
 - K&H dedicated HUF account,
 - K&H employee account for housing subsidy,
 - K&H dedicated FX account.

During the existence of the banking service with electronic identification the Bank may request the modification of the fee settlement account at any time in the bank branch. If no fee settlement account has been designated, the Bank is entitled to terminate the contract for the banking service with electronic identification.

- In the event the Client fails to meet its contractual payment obligations regarding interests, commissions, fees and other expenses due to the Bank, the Bank has the right to charge the Client's bank account maintained at any other Bank with the due amount (set-off) without the Client's prior notice and/or instruction. If the set-off is executed from an account maintained in a currency other than that established for the Service, the Bank shall convert the amount at the FX 1 'sell' or 'buy' rate effective on the day of the set-off, irrespective of the direction of the conversion.
- If no exchange rate has been quoted yet for that day, the previous work day's last same rate shall be applied when the conversion fee is settled.
- For transactions not executed on the same day, the charge applied will be as valid on the date of execution and not on the date of submitting the payment order.
- If the balance of any of the Client's accounts is negative or if there is a debt to the Bank, ie. the Client exceeds the contractual overdraft facility approved, the Bank will charge an interest on the overdrawing in accordance with the provisions of the General Contractual Terms and Conditions and the Client Agreement.
- If there is no valid overdraft limit approved or contracted for the account with an unauthorised overdraft, the overdraft interest rate applicable for the unauthorised overdraft shall be the Bank's effective lending base rate + 6% p.a. (in the case of HUF debt), or the O/N LIBOR effective for the given currency on that day (or the applicable inter-bank interest rate) + 12% p.a. (in the case of FX debt).
- If there is a valid overdraft limit approved and contracted for the account with an unauthorised overdraft, the overdraft interest rate applicable for the unauthorised overdraft will be the reference rate established in the overdraft facility agreement + the interest surcharge as established in the agreement + 6% p.a. (in the case of HUF debt), or the reference rate for the given currency as established in the overdraft facility agreement + the interest surcharge as established in the agreement + 6% p.a. (in the case of FX debt).
- In the case of late payment of commissions, fees and other charges payable to the Bank, the Client is obliged to pay default interest for the period of late payment. The default interest rate will be the National Bank's base rate + 7% p.a. in the case of HUF debt, or the O/N LIBOR effective for the given currency on that day (or the applicable inter-bank interest rate) + 7% p.a. in the case of FX debt.
- In event of any delay in payment by the Client - in addition to other legal consequences of late payment - the Bank is entitled to require a compensation for recovery costs according to applicable law, currently EUR 40.
- The general provisions concerning the obligation to pay capital gains tax are specified in the Announcement titled „Term deposits for corporate clients”.

Cost bearing of FX payment operations: For payment transactions provided within the EEA (European Economic Area), where both the payer's and the payee's payment service providers are, or the sole payment service provider in the payment transaction is, located therein, only the SHA cost option can be chosen.

For payment transactions provided outside of the EEA any of the SHA, OUR and BEN cost option can be chosen.

The Bank shall be entitled to charge to the customer any fee charged back to our Bank because of giving an incorrect cost bearing code.

SHA cost bearing manner: Commissions charged by the starting bank in the event of FX or international HUF transfers shall be paid by the customer, while the costs of all the other banks shall be borne by the beneficiary of the transfer.

OUR cost bearing manner: In the event of FX or international HUF transfer, the customer shall bear all the costs related to the payment.

BEN cost bearing manner: In the event of FX or international HUF transfer, the beneficiary shall bear all the costs related to the payment, including his/her own costs and the fees charged by the correspondent banks and the beneficiary's bank.

- The Bank performs the transfers initiated via the SEPA clearing system provided that the order in question meets all SEPA transfer criteria:
 - the currency of the transfer is EUR and not more than 999.999 EUR,
 - the cost-bearing code is SHA;
 - the beneficiary's IBAN number;
 - the beneficiary is within the SEPA region and the beneficiary bank is capable of processing SEPA transfers.
 - there are no special conditions specified regarding the transmitting of the transfer (e.g. transfer route, correspondent bank relationship specified)
- **Data content for USD payment orders**

For transfer orders given in USD, as well as all transfers to the United States, regardless of their currency, the Beneficiary's data shall be completed in a comprehensive manner (accurate name, address details: country, city/town, street, square, etc., house number), and additional identification details (such as the number of the personal identification document) are required for natural person beneficiaries. On the payment order, it is advisable to indicate the exact title of the transfer (e.g. merchant account number, description of goods or services) but abbreviations and acronyms should be avoided.

In order to enforce and comply with international financial restrictions being in effect, financial institutions collaborating in the execution of USD transfer orders as well as all transfers to the United States, regardless of their currency may request the ordering person to provide additional details or documents with respect to the beneficiary of the transfer order. The Bank will in all cases communicate such a request for additional data to the ordering client, and will request the ordering client to make such details and documents available to the Bank.

If the foreign financial institution collaborating in the execution of the USD transfer order as well as all transfers to the United States, regardless of their currency is unable to execute the transfer order due to effective financial restrictions specified by the United Nations, the European Union or the United States of America or due to the risk of money-laundering or terrorist financing, the Bank shall not be liable for any damage or loss arising therefrom.

- The Bank will apply the official FX exchange rates quoted by the NBH whenever it is required by the relevant law or any stipulation of the relevant authority. In case the official exchange rate does not have to be applied, the Bank will use the exchange rate generated within its own competence. The Bank quotes three kinds of exchange rate: currency and FX exchange rate I until 8 o'clock and FX exchange rate II after 14:00. Exchange rates are defined on every business day of the Bank based on the current interbank market rates published on the 'Reuters Matching System'.
- The Bank reserves the right to apply variable exchange rates at its bank branches and to change the already announced exchange rate during the day whenever the money and capital market condition change.
- Special exchange rate: In the event of conversions of min. EUR 50,000, the Bank may apply a special exchange rate.
- The Bank shall exclusively accept and process payment transfer orders in foreign currencies listed by the Bank.
- The Bank enables the Clients to import domestic HUF transfers in HCT format via its Electra corporate electronic banking, provided that the order in question meets all HCT transfer criteria (from July 1, 2012).

V. COMMENTS

1. A standing order is considered by the Bank to be a transfer order based on which a series of at least 3 transfer orders is effected, in the amount specified in the original order, to the same beneficiary account. In the absence of the above preconditions, a transfer order originated is not classified as a standing order by the Bank. Based on the subsequent check, it is handled as a one-off transfer order and the fee of one-off transfer orders applicable to the account to be debited is used. In case of newly initiated transfer orders, from August 04, 2014 the Bank is entitled to the ex-post debiting of the fee difference that arises to any account of the Account Holder with the Bank. Account Holders are notified about the ex-post settlement of the fee in the account statement.

Standing orders can be submitted in branches, via Electra and via K&H corporate e-bank. Frequencies: daily, weekly, fortnightly monthly, quarterly, half-yearly, yearly. The earliest value date (first/next date of performance) of processed order based performance is the bank business day following the day when the order was submitted. For the purposes of fees to be charged, any standing order for book transfers between a client's own HUF accounts will be regarded by the Bank as a standing order for intra-bank HUF transfers

2. Applicable to prompt cash withdrawal or cash withdrawal before the end of the notification period, above the value limit indicated over the cash desks. The fee shall be based on the entire amount paid, if the cash amount is available at the branch.
3. After the cumulated HUF amount paid in and withdrawn banknote and coin – according to agreement – we shall give a turnover refund calculated for tiered increase. The settlement of the refund shall take place by calendar quarters. In case of prompt cash payment on the spot the size of the refund (the percentage key) shall be reduced by 0.15%.
4. The bank executes the FX transfer orders via its foreign account keeping banks (except book transfers). Fees charged by other banks due to erroneous or missing IBAN or BIC (SWIFT) codes are debited to the principal's (the account holder's) account retroactively, even if the transaction fees are borne by the beneficiary according to the order.
5. The client may revoke payment orders linked to a debit date until the end of the banking day prior to the debit date. In other cases, orders already submitted may only be cancelled by special arrangement, following consideration by the Bank on the date on which the order is processed. The bank will charge a fee for such revocations.

Requests to have an order cancelled may be submitted as follows:

- An instruction to cancel an order may be submitted until the time at which processing begins.
- Transfer orders concerning which the bank has issued a statement certifying their irrevocable performance may not be cancelled on the day of processing. That is particularly valid for HUF transfers initiated toward the Customs and Finance Guard (VP).
- Banning performance of a transfer to a public service provider (direct debit order) in the event of a complaint is possible
 - during the opening hours of the branch on the banking day prior value date
 - via the TeleCenter or e-bank until 16 hours on the banking day prior to value date.

The Bank shall accept modification / cancellation of orders via telephone only from clients having a ePIN-contract.

6. In case of presenting paper based orders the cut-off time can be extended with 30 minutes. In case of using Electra service the cut-off time cannot be extended.
7. Administration charges will be applied in the following cases:
 - Request for specific procedure,
 - Correspondence with banker as a result of incorrect order
 - Request for certificate that is available for clients free of charge via another channel
 - Request for Giro account number replacement via accounts
 - If the Bank has to specifically call on Client to meet his obligations (for instance, repay outstanding debt).
8. Notification fee will be applied in the following cases:
 - the original payment order is submitted on paper or via K&H SME customer service,
 - the bank refused the payment order and notified the customer in a paper based notification letter,
 - and the notification is sent in a separate.
9. Postal cost via tariff of Magyar Posta Zrt .
 - Paper based account statement (within Hungary): non-priority, standard letter up to 30g, currently HUF 120
 - Paper based account statement: (European countries): non-priority, standard letter up to 20g, currently HUF 335
 - Paper based account statement: (non-European countries): non-priority, standard letter up to 20g, currently HUF 390
 - Card statement: non-priority, standard letter up to 50g, currently HUF 160
10. Confirmation in a separate letter is related to confirmations on account balance, payment of equity capital, account keeping, account turnover, access rights, account closure, specific deals with the bank.
11. For the description of the parameters of the tools needed to use the SME e-bank, see the Internet address 'ebank.khb.hu'.
12. Unit price of non certified copy of Title Deed obtained from Takarnet system. It is payable before loan disbursement, in case of mortgage covered loans, when the client does not submit the original copy of Title Deed.
13. Unit price of non certified copy of site plan obtained from Takarnet system. It is payable before loan disbursement, in case of mortgage covered loans, when the client does not submit the original copy of site plan.
14. Administration fee of credit report request submitted by the client to the Bank. BISZ Zrt. (BISZ Central Credit Information PLC) provides information that the customer submitted the request is registered/unregistered in CCIS database. It is payable when the client submit the credit report request to the Bank.
15. Certificates about current day irreversible fulfillment of received forint payment orders can only be requested by phone till 5 pm.

16. You may submit a recall order for intraday transfers effected via GIRO regarding to deadlines which are defined in standards of clearing published by the GIRO. You may submit an unlimited number of recall orders concerning a given transfer order. The referenced fee will be charged for the first recall, and the fee specified for "Investigating HUF payments (at the request of the Client) payments not older than 90 days (debit and/or credit)" will be charged for any subsequent recalls. The Bank will effect recall orders by taking into account the provisions of the General Contracting Terms and Conditions for Payment and Deposit Services for Corporate Clients with special regard to Sections 2 and 4.5.4., and standards of clearing published by the GIRO.
17. The above-mentioned fee is charged also when a HUF payment order performed in intraday GIRO settlement is recalled, except for the first request.
18. The referred fee will be applied in case of recalled foreign currency and international HUF payment order.
19. Security deposit for current account:
 - For using of K&H start+, K&H start extra account package: HUF 5 000
 - For accounts opened by businesses in execution: ten times the monthly account management fee of the account type in questionThe Bank reserves the right to also apply security deposits in other cases.

* **Base deposit interest:** the interest with which the account bears interest in a given month if there are not any debit transactions on the account in a given month (fixing a deposit on the account or charging banking fees are not debit transactions) and the daily closing balance – from the first banking day of the current month - of the account reaches the minimum balance every day of the month, then the account bears interest according to the base deposit interest rate in that month.

Sight deposit interest: If a debit transaction is made on the account in a particular month (fixing a deposit on the account or charging banking fees are not debit transactions), and/or the daily closing balance - from the first banking day of the current month - of the account is lower than the minimum balance even on one day, then the account bears interest according to the sight deposit interest rate of the K&H HUF payment account in that month.

The account has tiered interest rates. i.e. the interest rate applies only to the specified balance bracket

The account has variable interest rates, i.e. the Bank calculates deposit and loan interest based on the account's daily closing balance taking the rate of interest effective on the subject day.

The Bank credits/debits deposit and loan interest once a month on the last calendar day of the month. as part of month-end closing, except if the account opening falls on the last day of the month when the crediting/debiting of deposit and loan interest due on the last day of the month is performed as part of month-end closing in the following month with the next day as value date.

If last day of the month is not banking day, the Bank calculates interest in the closing of the first banking day of the following month with a value date of the month's first calendar date.

K&H Bank Zrt.'s announcement of the deadlines for the submission of orders and the order of execution thereof

FOR CORPORATE CLIENTS

EFFECTIVE FROM JANUARY 13, 2018

For the purpose of the following, 'T Day' is always to be considered as a 'business day of the Bank'. If the order is submitted on a holiday, it will be executed on the next business day of the Bank.

Value-dated orders submitted in advance will *be received and* performed on the value date indicated in the order. In the case of standing orders performance occurs on the value dates specified in the order. The value date of the order can only be a bank business day. If the value date given in advance (value-dated or standing orders) is a holiday, the order will be submitted and performed on the Bank's business day following the value date indicated.

Orders may be submitted using the services of Electra, Corporate e-Bank, Mobilbank or SWIFT. Electronic orders not detailed here or in the Announcement for corporate clients holding term deposits may be submitted every day from 0-24 hours and will be performed immediately. MT101 orders are subject to the provisions of electronic submission.

In case of foreign currency transfer orders, sufficient cover must be provided, at the time of submitting an order, for the transaction and its fee (in an amount as specified in the Announcement). In case of a foreign currency or HUF transfer with conversion, the available balance required for the transaction and the related fee is checked upon the start of processing, at the foreign currency mid-rate I of day T. If the available account balance is insufficient, the transaction order is rejected even when the balance would be sufficient at the foreign currency rate II.

The Bank will effect domestic HUF transfer orders by taking into account the provisions of the General Contracting Terms and Conditions for Payment and Deposit Services for Corporate Clients and those of Sections 2., 4.4., and 4.5., in particular.

Settlements in the GIRO domestic payments settlement system will be carried out in two ways: via (i) intraday settlements at multiple points in time during the day, or (ii) overnight settlement.

The Bank will effect domestic HUF transfer orders which do not require any conversion between currencies and are submitted electronically or over the phone before the final deadline via the GIRO Multiple Intraday Settlements Process, by ensuring that credit items should reach the Payments Service Provider of the Beneficiary Client within 4 hours of receiving the order. The practice of settlement within 4 hours will not be applicable to paper-based orders and orders requiring conversion.

K&H Bank will use the GIRO Multiple Intraday Settlements Process for effecting the following outgoing orders:

- same-day or forward one-off domestic HUF transfer orders launched from a HUF account and submitted electronically;
- urgent or same-day or forward one-off domestic HUF transfer orders launched from a FCY account and submitted electronically;
- same-day or forward one-off domestic HUF transfer orders launched from a HUF account and submitted via the K&H Company Line;
- paper-based same-day or forward one-off domestic HUF transfer orders launched from a HUF account and submitted at a branch (including orders submitted via a Telefax message);
- paper-based same-day or forward one-off domestic HUF transfer orders launched from a FCY account and submitted at a branch (including orders submitted via a Telefax message);
- direct debit orders;
- standing orders.

K&H Bank will use the GIRO overnight settlement process for effecting the following outgoing orders:

- collections, authority payments and warrant payments;
- direct debits.

In case of Payments Service Providers indirectly connected to the GIRO system, the period required for making the credit under a payment order will be lengthened by one day for transfers effected via the overnight settlement process and by two hours for transfers effected via the Multiple Intraday Settlements Process.

Debit orders will be effected only when sufficient cover is available in the account. Funds may be paid in HUF accounts to provide cover for intra-Bank HUF payment orders and HUF payment orders by way of GIRO overnight settlement until 6 p.m. on the day of debiting the account, or until the deadline of submission if the HUF transfer is effected via the GIRO Multiple Intraday Settlements Process. After the deadline for submission, the Bank only acknowledges receipt of any HUF payment order (as specified in Section 1.1 of this Appendix 2), i.e. it only stores and keeps them without processing them, until the opening of the next banking day, i.e. 5.45 a.m.

5. CARD ACCOUNT TOP-UP ON ORDER FOR CARD COVERAGE ALLOCATION

Card accounts are topped up by the system every work day before K&H's branches open, based on the available balance on the connected corporate current account at the previous day's closing. The available balance means the sight balance of the corporate current account plus the overdraft line, minus any blocked amounts. The available balance is generated by the account management system daily, after K&H's branches are closed.

The **Order for card coverage allocation** document includes the general top-up rules, the priority order of card accounts and the combined top-up types.

Order submitted	Received	Processing of order
Paper (Order for card coverage allocation): Hand over personally during the business hours of the bank branch: until 4 p.m. on T Day after 4 p.m. on T Day	T Day T+1 Day	T Day T+1 Day

3.1 Available top-up types

Regular top-up types	Description
The currency indicated in the order shall always be identical with the currency of the current account and the card account.	
Allocation of fixed amount once a month The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate, on a specific day of each month, from available balance of the current account designated a fixed amount to the card account specified. During the month the amount is unchangeable, the rest amount is available.
Daily top-up to a fixed amount if the balance falls below a specific limit The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate from the available balance of the current account a fixed amount to the card account on each occasion when the balance of this latter card account falls below a specific amount. If the balance of the coverage account is equal to or higher than the limit amount specified, the system does not perform booking, i.e. does not perform a write-back.
Daily top-up with a fixed amount at pre-defined intervals The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate from the available balance of the current account a fixed amount to the card account, each day within an optional interval (from-to day). At the end of the interval, the internally transferred but unused amount will remain on the card account, without being automatically written back.
Daily top-up to a fixed amount The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate from the available balance of the current account to the card account, the amount ensuring top-up to a specific amount each day. The system shall check the amount required for such allocation daily.
Top-up with a sum in excess of the designated fixed amount The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate from the available balance of the current to the card account only the sum beyond the fixed amount designated by Accountholder. A write-back is not performed to the current account based on this order.
Ad-hoc top-up on a designated day	Description
Ad-hoc top-up of the card account – promptly order type	Based on this top-up type the Bank to allocate from the available balance of the current account to the card account a fixed sum on the designated day. The allocation takes effect from the business day after it has been recorded, unless the date of the order coincides with the date of the top-up, as in such a case the allocation takes place promptly.
Ad-hoc write-back from the card account - promptly order type	Based on this top-up type the Bank to write back, from the available balance of the card account to the current account a fixed sum on the designated day. The write-back becomes effective from the business day after it has been recorded, unless the date of the order coincides with the date of the top-up, as in such a case the allocation takes place promptly.
Allocation up to a fixed amount once a month The allocation takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to allocate on a specific day of each month, from the available balance of the current account to the card account, an amount that is necessary to reach a predefined amount to be available on the account. The system does not change the allocated amount during the month, so the available amount is the one remaining after any withdrawals or transactions.
Cancellation of top-up orders	Description
Cancellation of top-up orders The cancellation order takes effect from the business day after it has been recorded.	Based on this top-up type the Bank to cancel any or all previously recorded card coverage orders related to the card account.

2. Information about the Data-warehouse

K&H Bank -for unit registering customer related data and further business purposes- stores personal data of retail customers (personal and business ID) and firm data of corporate customers in a central register, the so-called data-warehouse.

- The register ranges all customers having active or terminated contract with the Bank.
- The register is available only for the entitled staff members of the Bank.
- The Bank is bound to retain all data in archive form for the determined retention period according to the Act CXII of 1996 "On Credit Institutions and Financial Enterprises".

3. Information about SWIFT data management

In accordance with Article 6(2) of Act LXIII of 1992 on the protection of personal data and the publicity of data of common interest, we would like to inform our customers, that our bank, as all other European banks, performs all international financial transactions using the SWIFTNet FIN services of the company SWIFT having its seat in Belgium. The operational centre of SWIFT also stores the data of the European financial transactions in the databank based in the United States duplicated for security reasons. This means that the data of the European international financial transactions stored in the operational centre has to comply with the laws of the United States, i.e. the American authorities could receive access to the personal data stored in the operational centre with a view to fight against terrorism also in cases of the international financial transactions of the European customers of the banks. This right of the United States of America ensures a different protection of the personal data to that of the European Union. Of course, our customers still keep their rights originating from the data protection legislation of the EU, and they can still practice their rights connected to these laws. SWIFT itself is doing everything in its power to ensure that their service complies more and more with the data protection criteria of the Union.

Further information on the subject can be found on the web site www.bankszovetseg.hu.

Products insured by the National Deposit Insurance Fund (OBA)

EFFECTIVE FROM JULY 3, 2015

1. NATIONAL DEPOSIT INSURANCE FUND (OBA) DEPOSIT GUARANTEES IN CASE OF MERGER BEFORE 3 JULY 2015

In case of mergers before 3 July 2015 amounts placed with merged credit institutions prior to the merger and thereafter with K&H Bank shall continue to be regarded as separate deposits in terms of the OBA indemnity (i.e. in the case of IBUSZ Bank Rt., until the deposits are exhausted). In order to retain the separate OBA deposit guarantee opportunity, the Bank manages deposits recorded on accounts formerly managed by the merged credit institutions as follows:

The Bank regards the closing balance of the day prior to the merger ("deposit taken over") as separately insured under the OBA, whereas the amounts placed on the account after the merger ("K&H deposit") as newly insured under the OBA. Debits to the account following the merger reduce the amount of the K&H deposit, and only when that is exhausted do they reduce the amount of the deposit taken over. Deposits fixed prior to the merger (including rollover deposits) are considered as "deposits taken over", while those fixed after the merger are considered as "K&H deposits". Interest on sight and rollover deposits taken over is added to the amount of the deposit taken over, whereas interest on sight and term K&H deposits is added to the amount of the K&H deposit.

2. CLIENT NOTICE ON THE DEPOSITS INSURED BY THE NATIONAL DEPOSIT INSURANCE FUND (OBA)

The Client Notice, in addition to the general rules of OBA, provides clients with information on the deposits registered at a given bank under the name of its clients and insured by OBA as well as on the financial instruments issued and managed by the bank.

This is to inform you that, **in line with the related provisions of Act CCXXXVII of 2013 on Credit Institutions and Financial Enterprises** in response to client request, K&H Bank will make the Client Notice on OBA deposits available during working hours, in which clients are informed about the current amount of deposits registered under their names and insured by OBA, current accounts and savings accounts and – of financial instruments – the bonds issued and managed by **K&H Bank before 2 July 2015**.

The terms and conditions of services not listed above – with the exception of special conditions – are identical to the terms and conditions specified in Section I. – Banking Services and Section II. – Account Package Services of the Announcement.

Items specified in the Announcement can be modified at the most by the cumulated inflation rate calculated on the basis of the period passed since the last modification of the price of the item. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items.

The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office.

The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign.
