The conditions of bank account and deposit services and cash transactions herein contained are applicable to the individual customers of K&H Bank Zrt. According to the definition used by the Bank, individuals may be either FX residents or FX non-residents.

Should any contract concluded between the Bank and the Client ("Client Agreement") contain conditions differing from the conditions contained in this List the stipulations of the "Client Agreement" shall be applicable (the "Client Agreement" shall not change the VAT classes of the individual services). The basic principles and rules according to which the Bank performs business activity are contained by the General Terms and Conditions and the relevant General Contractual Terms and Conditions (which are available for the clients of the Bank free of charge).

The initial date of the validity of some products may differ from the validity date indicated above. In such cases the initial date of validity will be specified in each case among the special rules applicable to the given product.

CALCULATION METHOD OF FEES AND COST ELEMENTS OF THE ANNOUNCEMENT:

Items specified in the Announcement can be modified on April 1* every year at the most by the cumulated inflation rate calculated on the basis of the period passed since the last modification of the price of the item. The fees specified in amount, in percentage, minimum values, maximum values are all deemed to be separate items and can be modified separately. The Announcement contains the date of the last correction of all items.

The cumulated inflation rate is calculated on the basis of the inflation rate of the previous calendar year officially published by the Central Statistic Office.

The modified values of the fees are determined by using the general rules of rounding, in case of specification in percentage, restricted to two decimals. The difference between the result of the cumulated inflation value and the rounded value is taken into consideration by the next modification with the proper sign. The modified Announcement is made available in the branches and published on the home page 2 months before the effective date. The Bank considers its Announcement of July 31, 2009 the primary announcement for the current calculation of fees.

Reasons for the present amendment are:

- changes between K&H Trambulin accounts when crossing the age limits
- change of the identification devices required for using K&H e-bank service
- extending the type of telephone numbers with foreign telephone numbers to use e-bank service in case of sms authentication

1.2.2. K&H zero bank account

The Bank has not offered this type of account package since January 21, 2013.

There is an additional conditional fee and interest discount related to the bank account, where conditions can be fulfilled independently from each other. The Bank checks compliance with the condition(s) entitling the account holder to any discount(s) on a monthly basis, taking into account the turnover and/or balance of this single bank account only. One person may have only one K&H zero bank account.

With respect to preferential interest rates, compliance with the condition is checked from the first day to the last day of the period in question (current month). The average balance is calculated based on the arithmetic average of the end-of-day closing balances in the current month. If the condition is met, the preferential interest rate value will be applied for the next month.

As regards the discount on account package fees, when entitlement to the discount is assessed, a period of one month is understood to last until the last day of the month in question, or, if that is a bank holiday, then until the immediately preceding banking day, and the new period shall begin on the next banking day. If the condition is met, the without life insurance package fee will be refunded (credited) as part of the end-of-month closing of the current month.

| Description | Rates/charges |
|--|--|
| Fee of responsible custody / custody pursuant to the rules of negotiorum gestio | 240 HUF / terminated account with a positive balance / month |
| <i>Any fees – other than custody fees – incurred in respect of an amount held in responsible custody (including any fees payable for the transfer or withdrawal of the amount held in custody pursuant to the instructions of the authorized signatory) as well as the amounts and due dates of such fees will be identical with the fees and commissions charged in the case of a K&H Retail Bank Account and the conditions thereof.</i> | |

The custody fee will be charged on terminated accounts with a positive balance if the authorized signatory fails to give any instructions as to the account balance.

The custody fee will be payable for each calendar month, and will be determined and settled against the balance of the amount held in custody on the last banking day of the given month or the day of the last instruction given by the authorized signatory in respect of the amount held in custody (if several authorized signatories may give instructions in respect of the amount held in custody, the date of the last such instruction given), prior to the last instruction given by the authorized signatory.

If the amount held in custody is less than the amount of the custody fee determined on the basis of previous instructions, the Bank will only enforce its claim for a custody fee up to the amount held in custody. If the amount held in custody affected by the last instruction given by the authorized signatory is less than the custody fee determined on the basis of previous instructions, the Bank will not execute the last instruction given by the authorized signatory, but enforce its claim for a custody fee against the amount held in custody.

The Bank will always charge the custody fee on the positive balance of terminated accounts, separately on each positive balance.

If the positive balance of a terminated account is denominated in a foreign currency, the Bank will hold such amount in custody in the same foreign currency as that of the terminated account. In the case of amounts in any currency other than forint (HUF) that are taken into custody, the custody fee will be determined and settled against the balance of the amount held in custody at the due date in the currency of the amount held in custody, converted at the Bank's middle rate.

The Bank will apply the official FX exchange rates quoted by the NBH whenever it is required by the relevant law or any stipulation of the relevant authority. In case the official exchange rate does not have to be applied, the Bank will use the exchange rate generated within its own competence. The Bank quotes three kinds of exchange rate: currency and FX exchange rate I until 8 o'clock and FX exchange rate II after 14:00. Exchange rates are defined on every business day of the Bank based on the current interbank market rates published on the 'Reuters Matching System'. The Bank reserves the right to apply variable exchange rates at its bank branches and to change the already announced exchange rate during the day whenever the money and capital market condition change.

The Bank shall exclusively accept and process payment transfer orders in foreign currencies listed by the Bank.

The monthly fees (eg. the account management fee) will be debited on the Bank's last business day in the current month with current fee.

If the currency of the fee settlement account differs from that of the announced fee, the conversion fee shall be calculated based on K&H's mid-rate quoted in the morning of the due date. If no exchange rate has been quoted yet for that day, the previous work day's last K&H mid-rate shall be applied.

The Bank will charge to clients all costs incurred (postal charges, courier mailing, telephone, telex, SWIFT, photocopying, etc.), as well as commissions and costs devolved, in particular the costs and commissions charged by internal and foreign banks participating in the execution of HUF and FX transfer orders.

4.8. Interest on the overdrawing

In the case of late payment of commissions, fees and other charges payable to the Bank, the Client is obliged to pay default interest for the period of late payment. The default interest rate will be the National Bank's base rate + 7% p.a. in the case of HUF debt, or the O/N LIBOR effective for the given currency on that day (or the applicable inter-bank interest rate) + 7% p.a. in the case of FX debt.

5.1 General management of cash turnover

- If the client wishes to conduct a cash withdrawal transaction at the Bank's tills in an amount exceeding the limits displayed in the client reception area; she/he may communicate her/his intention either in the branch, in person, or via K&H TeleCenter, 2 banking days prior to the planned withdrawal. If the client wishes to make an instantaneous withdrawal in excess of the limit defined, or prior to the notification deadline, she/he will be charged an instantaneous till withdrawal fee, which will not affect any other fees or charges set out in the Announcement.
- The cash deposit or cash withdrawal of amounts equalling or exceeding HUF 30 million or the FCY equivalent thereof - including exchange of foreign currencies and exchange of denominations - performed by the Client on the same Banking Day within the framework of one or more cash-desk transactions shall be considered to represent a cash deposit or cash withdrawal involving a large amount.

In case of foreign currency transactions, the amount shall be converted for the purpose of this calculation at the foreign currency mid-rate I announced by the Bank on the day when the transaction is reported. The Bank shall not accept cash deposits in excess of HUF 70 million or the FCY equivalent thereof, and shall not execute any orders for cash withdrawals or exchange of foreign currencies or exchange of denominations above that large amount.

- A discount fee is charged from the nominal value when depositing FCY coins, and under withdrawal from circulation FCY bank notes. Branches shall make spontaneous currency cash payments until cash stock last. As the risk related to the service in currency change of FX deposit has been changed recently, KH does not accept any dirty, damaged, defective FCY bank notes or under withdrawal from circulation English Pound (GBP) and Swedish Krona (SEK) denomination FCY banknotes neither case of FCY change, nor FCY deposit.

5.2 Rules of denomination exchange

The Bank exchanges fit Forint banknotes and Forint coins to fit Forint banknotes and Forint coins of another denomination in the framework of denomination exchange, and it exchanges unfit ones which are still regarded as legal tender to fit Forint banknotes and Forint coins of the same denomination in the framework of replacement, if their authenticity and denomination can be clearly ascertained upon receipt on site. In both cases, exchange takes place at face value. The Bank charges the fee specified in the current Announcement for the denomination exchange. The denomination exchange and replacement service – with the exception of the exchange (replacement) of Forint banknotes and Forint coins withdrawn from circulation to Hungarian legal tenders of the same denomination – is exclusively provided to Customers keeping a bank account or having any other banking product or service at the Bank.

5.3 Denomination exchange and replacement of damaged and difficult to recognise HUF banknotes, or HUF coins damaged or intentionally mutilated (perforated, cut in half or machined)

Another precondition for exchanging a deficient Forint banknote to fit Forint banknote or Forint coin of the same or another denomination is that more than half of the note has to be presented. The Bank will exchange denominations of, or replace deficient Forint banknotes consisting of several pieces – whether or not glued together – if it can be ascertained beyond doubt that the specific pieces are part of the same banknote and together they make up more than half of the Forint banknote.

The Bank will refuse to perform the denomination exchange or replacement if the authenticity or the face value of the HUF banknote or coin cannot be ascertained beyond doubt upon receipt, or the Forint coin has been mutilated (cut in half, perforated or machined).

If it cannot be clearly ascertained upon receipt whether or not the Forint banknote complies with the conditions of denomination exchange, the Bank will accept the Forint banknote or Forint coin for subsequent settlement and at the same time take a protocol of this circumstance. Intentionally mutilated Forint coins will also be taken over by the Bank for subsequent settlement.

The Bank will charge the fee specified in the Announcement for the denomination exchange and replacement transactions.

The Bank will take over from clients any deficient or damaged Forint banknote, the surface of which does not exceed 50% of the surface of the entire banknote free of charge in return for a receipt, then sends these to the National Bank of Hungary (NBH) for their withdrawal from circulation and destruction. The performance of the above activities by the Bank is not subject to the utilisation of other banking products.

5.4 Replacement of banknotes and coins withdrawn from circulation

The Bank will replace Forint banknotes which are no longer deemed legal tenders and are withdrawn from circulation by the National Bank of Hungary (NBH), with fit Hungarian legal tenders of the same denomination, without any limitation or condition, free of charge, within 3 years reckoned from the date of their withdrawal. In the case of Forint coins replacement with fit Forint coins of the same denomination takes place within 1 year reckoned from the date of their withdrawal.

5.5 Withdrawal of suspected counterfeit banknotes from circulation

The Bank will accept and withdraw suspected counterfeit banknotes and coins (Forint and currency) from circulation in return for a receipt without charging any fee and send those for further expert examination to the NBH.

12. Information about SWIFT's data handling practices

Pursuant to Article 6(2) of Act LXIII of 1992 on the Protection of Personal Data and the Disclosure of Data of Public Interest, we would like to inform our clients that our Bank, similarly to all other European banks, performs all international financial transactions via the SWIFTNet FIN facility of SWIFT, headquartered in Belgium. The operating centre of SWIFT also stores details of European financial transactions in a databank based in the United States, duplicated for security reasons. This means that the details of European international financial transactions stored in the operating centre have to comply with the laws of the United States, i.e. US authorities could gain access to personal details stored in the operating centre for the purposes of fighting terrorism. This is also true for the international financial transactions of their banks' European clients. This right of the United States of America provides a different protection for personal data from the protection offered by the European Union. Our clients will nevertheless retain their rights under EU data protection legislation, and can exercise all rights in relation to such legislation. SWIFT also does everything in its powers to ensure that their services increasingly comply with the EU's data protection criteria. For further information, please visit www.bankszovetseg.hu.

**Information
on the free cash withdrawal**

Pursuant to Article 36/A of Act LXXXV of 2009 on Payment services (hereinafter: 'Pft.') and Decree No. 53/2013. (XI.29.) of the Minister for National Economy on the detailed rules of free cash withdrawals and the statement identifying the payment account to be used for the purposes of such cash withdrawals, the Bank provides the first two cash withdrawal transactions every month free of charge up to a combined limit of HUF 150,000, as follows:

1. Statutory discount

Related to the payment account identified in the relevant statement as the beneficiary account (hereinafter referred to as 'the Account'), the Bank will provide the first two HUF cash withdrawal transactions free of charge up to a combined amount of HUF 150,000 in any calendar month for

- HUF cash withdrawals made with a cashless payment instrument using an automated teller machine (ATM) located in Hungary, or
- HUF cash withdrawal transactions made at K&H Bank's any cash desk until **31 December, 2014** related to an Account that K&H Bank already managed on 21 November 2013 based on a valid and effective contract and was not associated with a bankcard on that day, provided that the consumer (private individual) making a declaration on the Account
- makes a statement, which our Bank accepts by the 20th day of the month preceding the month when the discount is to be used, declaring that he intends to use this discount, and
- is the holder of the Account, and
- has an address or place of stay in Hungary registered with our Bank, and
- is older than 16 years of age or will become 16 in the month when the discount is to be used.

The sequence of the preferential transactions executed on the Account is defined by the cash withdrawal dates and times.

In the case of cash withdrawal transactions charged to overdraft facilities, interest is payable on the utilised part and a commitment fee is payable for the unused amount of the facility, as set out in the Announcement on the terms and conditions applicable to K&H's HUF overdraft facilities.

2. Making the statement

Only one statement can be made for any single Account. One consumer (private individual) may make a statement to only one financial service provider – selected at his discretion – at any given time. Only the account holder may make the statement identifying the beneficiary account to be used for free cash withdrawal, or the statement cancelling that account status. In the case of accounts with multiple holders, any single account holder (but only one of them) may make the statement identifying the beneficiary account. Only the account holder who made the initial statement identifying the beneficiary account may cancel the beneficiary account status.

A new statement may only be if the previous statement is withdrawn by 30 November 2014. A new statement given by 1 December 2014 will automatically repeal the previous one, regardless of which financial institution it was given to.

Account holders may make their statements

- in writing, using K&H's form introduced for this purpose, on the Bank's premises used for the provision of payment services, or
- via the dedicated K&H e-banking interface, or
- using K&H's TeleCenter, following ePIN identification.

A person acting on behalf of an Account holder (i.e. a legal representative, or a Mandate Holder based on one-time authorisation) may make this statement only on the Bank's premises used for the provision of payment services in writing, by completing K&H's form.

Based on their statement made by the 20th day of the current month, clients will be eligible for the statutory free cash withdrawal transactions as of the 1st day of the following month. If the statement is withdrawn by the 20th day of the current month, the discount will not be available in the following month. If the statement is withdrawn after the 20th day of the current month, the discount will remain available in the following month and will be terminated as of the first day of the second month following the current month.

A national central registration system will be deployed by 31 December, 2014 to keep record on the statements. Pursuant to Article 62/B of the Pft., the Central Register will receive the personal identification data of the declarant, and the fact and date of making the statement, as indicated by the clients on the statement, and keep them in a retrievable form. For details regarding the purpose of the Central Register, the data processed thereby, the rules pertaining to the operation of the Central Register and the rights of the declarants please refer to the last section herein.

The Bank is entitled to retroactively charge, in a single amount, all fees and costs waived based on the relevant legal regulations if the Account Holder / Co-holder should provide false information in his statement.

3. Calculating the fee for withdrawn amounts exceeding HUF 150,000

If the cash withdrawn in the first or second transaction made in the current month exceeds the HUF 150,000 statutory limit, the cash withdrawal fee charged for the transaction shall be divided based on the amount withdrawn free of charge and the amount withdrawn for a fee, and the amount payable for the latter shall be charged.

Example:

| <i>cash withdrawal transaction</i> | <i>amount withdrawn</i> | <i>amount exceeding HUF 150,000</i> | <i>transaction fee</i> | <i>fee charged</i> | <i>saving</i> |
|------------------------------------|-------------------------|-------------------------------------|------------------------|---|---------------|
| 1. | HUF 90 000 | - | HUF 1 098 | 0 Ft | HUF 1 098 |
| 2. | HUF 70 000 | HUF 10 000 | HUF 1 012 | HUF 145 = HUF 1 012 x (HUF 10 000 / HUF 70 000) | HUF 867 |

(the charge used in the example is the fee payable for withdrawing cash using a third-party ATM and is specified as 0.43% + HUF 711 in the announcement titled 'Debit bankcard announcement for private individual customers' effective as of 6 January, 2014.)

4. Account/account package discounts

If the beneficiary Account of the Client eligible for free cash withdrawal is an account/account package for which the Bank provides preferential/free cash withdrawal transactions, the Bank will provide free cash withdrawal for the time such eligibility exists by

- extending the preferential/free cash withdrawal option available for the client's Account up to the statutory discount level, and
- extending the cash withdrawal option limited to K&H ATMs to cash withdrawals from any ATMs located in Hungary, but limiting the number of free ATM cash withdrawals to two as set forth in the relevant legal regulation.

If the first cash withdrawal transaction – with the discount modified as described above – on the Account reaches or exceeds the HUF 150,000 statutory limit, any subsequent cash withdrawal transactions will be subject to the original discounts applicable to the Account.

Concerning ATM cash withdrawal discounts, the above rules are illustrated with the following examples:

- If **no ATM cash withdrawal discount is associated with the Account**, discounts are granted for the statutory 2 ATM cash withdrawal transactions made in Hungary up to a combined amount of HUF 150,000.
- If a **discount for 1 K&H ATM cash withdrawal is associated with the Account**, the discount will be extended to include cash withdrawal from any domestic ATMs*. The second transaction – under the legal regulation – will be free of charge up to the HUF 150,000 limit also including the amount withdrawn in the first transaction.
- If the **Account is associated with a discount for 1 domestic ATM cash withdrawal**, the second transaction will be free of charge up to the HUF 150,000 limit including the amount withdrawn in the first transaction.
- If the **Account is associated with a discount for 2 or more domestic ATM cash withdrawals**, the discounts for the first 2 ATM cash withdrawals from the Account will be extended to include domestic ATM cash withdrawals*, provided that the amount of the first transaction does not exceed the HUF 150,000 limit. If the first transaction reaches the HUF 150,000 limit, the discount for the second and any additional ATM cash withdrawals will only apply – according to the original discount associated with the Account – to cash withdrawals from K&H ATMs.
- **The discount for 2 or more domestic ATM cash withdrawal transactions associated with the Account** will already meet the statutory requirement, so the cash withdrawal transactions will be free of charge according to the package discounts*.

* Taking into account the cash withdrawal limits specified in the 'Debit bankcard announcement for private individual customers'.

5. Handling of K&H Court of Guardians' Bank Account

The first two cash withdrawal at cash desk transactions on K&H Court of Guardians' Bank Account every month are free of charge up to a combined limit of HUF 150,000. The fee for withdrawn amounts exceeding HUF 150,000 / month is charged on the Account Holder's account on the second banking day of the month following the current month. The fee of the cash withdrawal at cash desk is equivalent to those given for K&H Retail HUF Bank Account.

The Bank provides the free cash withdrawal on K&H Court of Guardians' Bank Account without making the statement according to point c) of Article 36/A § (4) of Act LXXXV of 2009 on Payment services.

6. Central Register

For the purposes of this section the following terms have the following meaning:

statement: the statement – as defined in Articles 36/A (4) c) and 36/A (5) of the Pft. – made by the declarant

The fact of making the statement and the data indicated in the statements are recorded in the central register of statements made in respect of payment accounts (hereinafter referred to as the 'Central Register').

The purpose of the Central Register guarantee the legitimate exercise of their right to free cash withdrawal by ensuring that it is possible to verify and establish that the declarant has made or withdrawn a statement, and, in the case of statements made out to various statement data providers at various times, which statement entitles him to use the free service under Article 36/A (1) of the Pft.

The Central Register is a restricted access database to be used solely for the reporting and managing data pertaining to the free service provided under Article 36/A (1) of the Pft., as listed below:

When the statement is made or withdrawn, the statement data provider notifies the consumer of transferring the data on his statement to the Central Register in writing, or through the password-secured internet bank.

The Central Register processes the data automatically. The data transferred by the statement data providers regarding the same declarant are linked in the Central Register. If the declarant has not been entered in the Central Register yet, or only has a withdrawn statement in the Central Register, the financial undertaking managing the Central Register will send a confirmation to the statement data provider regarding the

registration. If the Central Register contains a previously made and still valid statement of the declarant, the financial undertaking managing the Central Register will notify the data provider of the previously made statement of the withdrawal thereof, and the data provider having transferred the new statement of the registration thereof. The financial undertaking managing the Central Register shall discharge its duties without delay after receiving the data, but within two working days at the latest.

After receiving the notification from the Central Register regarding the expiry of the effect of the statement, the statement data provider shall – a without delay, but within five working days at the latest – inform the declarant in writing (or through its password-secured internet bank or using another durable medium, as agreed by the parties) as to when the eligibility of the declarant to the free service ceases to apply.

The Central Register manages the statement data until they are deleted. The Central Register will delete the statement data in the following cases:

- a) after gaining cognisance of the cessation of the payment account,
- b) at the request of the declarant after a withdrawal, if no new statement is made by the declarant,
- c) if the declarant dies,
- d) if the statement data provider cannot be identified

immediately, but within two working days at the latest, after taking note of the above. Statement data withdrawn without the request of the declarant to this effect will be automatically deleted by the Central Register after five years of the data of withdrawal, unless the declarant makes a new statement in the meantime.

The declarant has the right to request information of his statements entered into the Central Register. The declarant is entitled to obtain information of his own data without restriction and free of any charge. Uniform Deposit Rate Index (EBKM)

Pursuant to Government Decree 82/2010. (III.25.), deposit products must be supplied with a "Uniform Deposit Rate Index", referred to with its Hungarian abbreviation as EBKM. The Bank calculates the EBKM index using the following formulas stipulated in the Decree:

If the term remaining until maturity is less than 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{1 + r \times (t_i / 365)}$$

If the term remaining until maturity is at least 365 days:

$$Deposit = \sum_{i=1}^n \frac{(k + bv)_i}{(1 + r)^{(t_i / 365)}}$$

where

n: number of interest payments,

r: one hundredth of the EBKM index,

t_i: number of days outstanding as calculated from the date of placing the deposit to the ith payment,

(k+bv)_i: the sum of the interest paid at the ith payment plus the deposit amount.

Products insured by the National Deposit Insurance Fund (OBA)

1. National Deposit Insurance Fund (OBA) deposit guarantees in case of merger before 3 July 2015

In case of mergers before 3 July 2015 amounts placed with merged credit institutions prior to the merger and thereafter with K&H Bank shall continue to be regarded as separate deposits in terms of the OBA indemnity (i.e. in the case of IBUSZ Bank Rt., until the deposits are exhausted). In order to retain the separate OBA deposit guarantee opportunity, the Bank manages deposits recorded on accounts formerly managed by the merged credit institutions as follows: The Bank regards the closing balance of the day prior to the merger ("deposit taken over") as separately insured under the OBA, whereas the amounts placed on the account after the merger ("K&H deposit") as newly insured under the OBA. Debits to the account following the merger reduce the amount of the K&H deposit, and only when that is exhausted do they reduce the amount of the deposit taken over. Deposits fixed prior to the merger (including rollover deposits) are considered as "deposits taken over", while those fixed after the merger are considered as "K&H deposits". Interest on sight and rollover deposits taken over is added to the amount of the deposit taken over, whereas interest on sight and term K&H deposits is added to the amount of the K&H deposit.

2. Client notice on the deposits insured by the National Deposit Insurance Fund (OBA)

The Client Notice, in addition to the general rules of OBA, provides clients with information on the deposits registered at a given bank under the name of its clients and insured by OBA as well as on the financial instruments issued and managed by the bank. This is to inform you that, in line with the related provisions of Act CCXXXVII of 2013 on Credit Institutions and Financial Enterprises in response to client request, K&H Bank will make the Client Notice on OBA deposits available during working hours, in which clients are informed about the current amount of deposits registered under their names and insured by OBA, current accounts and savings accounts and – of financial instruments – the bonds issued and managed by K&H Bank before 2 July 2015.
